China's demand for Methionine has grown at a fast pace in the past decade. In the next five years, both production and demand will continue to grow. This new study examines China's economic trends, investment environment, industry development, supply and demand, industry capacity, industry structure, marketing channels and major industry participants. Historical data (1997, 2002 and 2007) and long-term forecasts through 2012 and 2017 are presented. Major producers in China are profiled.
