Abstracts

The U.S. real estate industry has been experiencing wonderful growth over the last years due to the relatively steady good economy. In 2006, some markets posted major gains in occupied space, others saw record sales transactions, and even where the market has begun to tighten, developers remained cautious possibly keeping an eye toward the future, particularly predictions of escalating rental rates.

Aruvian's R'search's focus report on Investing in the US Real Estate Industry is the ideal guide to have an overview of the real estate industry. The report covers all the major markets, that is, the office market, retail, industrial, and investment. An analysis of competition, focus on industry trends and growth trends, issues and challenges facing the industry, a PEST analysis, and much more can be found inside this report. A comprehensive analysis of the major investment markets in the US is also given in the report, along with a focus on the major market players.
