Table of Content

MarketPublishers.com has released a special anti-crisis research package featuring effective measures to combat the effects of global financial crisis at single company level. Prepared by top partner-companies the researches of the package are organized according to three market sectors: Anti-Crisis Recommendations for Trade and Distribution Companies, Manufacturing and Mining Enterprises, and Financial Sector Representatives. Each report comprises a range of anti-crisis measures to be taken in order to optimize company's survival in the global downturn.

The research report provides economic crisis scenario forecast and lists the most urgent anti-crisis measures that should be taken as soon as possible in order to tackle the global downturn. The research elucidates all current aspects of ensuing company policies from personnel reduction to bank loans.

THE REPORT CONTAINS

- planning company's short-term and long-term strategy taking into account effects of the global crisis
- expense optimization
- necessary alterations in company's investment policy
- cooperation with banks and refinancing
- peculiarities of dealing with borrowers in the conditions of the crisis
- cooperation with suppliers and partners in crisis environment
- logistics: supply planning and organization
- establishing priorities when dealing with clients
- company's internal policy and focus on teamwork in terms of the crisis
- company's internal policy and correct worker motivation in time of the crisis
- new possibilities the crisis opens
