Such information creates your awareness about principal trends of Hibbett Sports, Inc. business.

About Hibbett Sports, Inc.

Hibbett Sports, Inc. operates sporting goods retail stores in small to mid-sized markets in the southeast, southwest, Mid-Atlantic, and lower Midwest regions of the United States.

As of January 30, 2010, the company operated 747 Hibbett Sports stores, as well as 16 smaller-format Sports Additions athletic shoe stores and 4 larger-format Sports & Co. superstores in 24 states. Its merchandise assortment features a selection of brand name merchandise emphasizing team sports equipment, athletic and fashion apparel, and footwear related accessories.

Store Concepts

Hibbett Sports: The company's primary retail format is Hibbett Sports, a 5,000 square foot store located primarily in strip centers which are influenced by a Wal-Mart store. Hibbett Sports stores offer a selection of brand name merchandise with an emphasis on team sports. This merchandise mix is complemented by a selection of localized apparel and accessories designed to appeal to a range of customers with in each market.

Sports Additions: The company's 16 Sports Additions stores are small, mall-based

stores, averaging 2,500 square feet with majority of merchandise consisting of athletic footwear and the remainder consisting of caps and a limited assortment of apparel.

Sports & Co.: Sports & Co. superstores average 25,000 square feet and offer an assortment of athletic footwear, apparel, and equipment.

Team Sales: Hibbett Team Sales, Inc. (Team Sales), a wholly-owned subsidiary of the company, is a supplier of athletic apparel, equipment, and footwear to school, athletic and youth programs primarily in Alabama and North Georgia. Team Sales sells its merchandise directly to educational institutions and youth associations. The operations of Team Sales are independent of the operations of its retail stores.

Suppliers

The company's major supplier is Nike.

History

The company was founded in 1945. It was formerly known as Hibbett Sporting Goods, Inc. and changed its name to Hibbett Sports, Inc. in 2007.

ANALYSIS FEATURES

SWOT Analysis

SWOT, which stands for Strengths, Weaknesses, Opportunities and Threats, is an analytical framework that identifies the internal and external factors that are favorable and unfavorable for a company.

Enhanced SWOT Analysis

Enhanced SWOT is a 3×3 grid that arranges strengths, weaknesses, opportunities and threats into one scheme:

How to use the strengths to take advantage of the opportunities?

How to use the strengths to reduce likelihood and impact of the threats?

How to overcome the weaknesses that obstruct taking advantage of the opportunities?

How to overcome the weaknesses that can make the threats a reality?

Upon answering these questions a company can develop a project plan to improve its business performance.

PESTEL Analysis

PESTEL (also termed as PESTLE) is an ideal tool to strategically analyze what influence different outside factors – political, economic, sociocultural, technological, environmental and legal – exert on a business to later chart its long term targets.

Being part of the external analysis when carrying out a strategic assessment or performing a market study, PESTEL gives an overview of diverse macro-environmental factors that any company should thoughtfully consider. By perceiving these outside environments, businesses can maximally benefit from the opportunities while minimizing the threats to the organization.

Key Factors Examined by PESTEL Analysis:

Political – What opportunities and pressures are brought by political bodies and what is the degree of public regulations' impact on the business?

Economic – What economic policies, trends and structures are expected to affect the organization, what is this influence's degree?

Sociological – What cultural and societal aspects will work upon the demand for the business's products and operations?

Technological – What impact do the technological aspects, innovations, incentives and barriers have on the organization?

Environmental – What environmental and ecological facets, both locally and farther afield, are likely to predetermine the business?

Legal – What laws and legislation will exert influence on the style the business is carried out?

IFE, EFE, IE Matrices

The Internal Factor Evaluation matrix (IFE matrix) is a strategic management tool helping audit or evaluate major weaknesses and strengths in a business's functional areas. In addition, IFE matrix serves as a basis for identifying and assessing relationships amongst those areas. The IFE matrix is utilised in strategy formulation.

The External Factor Evaluation matrix (EFE matrix) is a tool of strategic management that is typically utilised to assess current market conditions. It is an ideal instrument for visualising and prioritising the threats and opportunities a firm is facing.

The essential difference between the above mentioned matrices lies in the type of factors incorporated in the model; whilst the latter is engaged in internal factors, the former deals exceptionally with external factors – those exposed to social, political, economic, legal, etc. external forces.

Being a continuation of the EFE matrix and IFE matrix models, the Internal External matrix (IE matrix) rests upon an investigation of external and internal business factors

integrated into one suggestive model.

Porter Five Forces Analysis

The Porter's five forces analysis studies the industry of operation and helps the company find new sources of competitive advantage. The analysis surveys an industry through five major questions:

- What composes a threat of substitute products and services?
- Is there a threat of new competitors entering the market?
- What is the intensity of competitive rivalry?
- How big is the bargaining power of buyers?
- How significant is the bargaining power of suppliers?

VRIO Analysis

VRIO stands for Value, Rarity, Imitability, Organization. This analysis helps to evaluate all company's resources and capabilities and bring them together into one aggregate table that includes:

- Tangible resources
  - Financial
  - Physical
  - Technological
  - Organizational
- Intangible resources
  - Human
  - Innovation and Creativity

Reputation

Organizational capabilities

The result of the analysis gives a clear picture of company's competitive and economic implications, answering the questions if the resources mentioned above are:

Valuable?

Rare?

Costly to imitate?

Organized properly?
