Date: October 2014
Pages: 23
Price: US$ 650.00 (Single User License)
ID: B3E04894BCEEN

Abstracts

Belgrade is one of the largest metropolitan regions in the Balkans, second only to Athens. The city was badly hit by the dissolution of the socialist Yugoslavia. Formerly large industrial basins with tens of thousands of employees are struggling to survive in a market economy. However, the city's manufacturing still exports €2 billion annually. Novi Beograd has emerged as the city's most developed district, with many modern buildings and concentration of service industries.

Euromonitor's City Review report

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

Get a detailed picture of the Cities market;

Pinpoint growth sectors and identify factors driving change;

Understand the competitive environment, the market’s major players and leading brands;
