Abstracts

Latin America is expected to be the second fastest growing region in dishwashing over 2018-2023. Despite the macroeconomic instabilities of the past couple of years and slow recovery, which have affected consumption, there are significant opportunities in hand dishwashing. Automatic dishwashing, while showing growth in some markets, requires more progress in dishwasher household penetration and higher incomes to boost demand.

Euromonitor International's Dishwashing in Latin America global briefing offers an insight into to the size and shape of the Home Care market, highlights buzz topics, emerging regions, countries and categories as well as pressing industry issues and white spaces. It identifies the opportunity zones within home care, analyses leading companies and brands and offers strategic analysis of major factors influencing the market - be they new product developments, packaging/ format /ingredients innovations, economic/lifestyle/environmental influences, distribution or retail pricing issues. Forecasts illustrate how the market is set to change and criteria for success.

Product coverage: Air Care, Bleach, Dishwashing, Home Insecticides, Laundry Care, Polishes, Surface Care, Toilet Care.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
