Abstracts

Significant price appreciations were observed at the end of the review period. The ongoing war in Ukraine caused a shortage of raw materials, resulting in significant delays in supply chains. This, in turn, led to an increase in prices as many products became scarce. Additionally, the energy crisis resulting from the war led to limited energy sources, which caused further price increases. As a result of these economic challenges, consumers limited their purchases to essential goods and sought ou...

Euromonitor International's Dog Food in Greece report offers a comprehensive guide to the size and shape of the market at a national level.
