Abstracts

The AS9120A quality manual procedures package has been superseded by the AS 9120 Rev B. it comes with the following benefits:

Building your QMS is a cornerstone of any successful AS9120 Rev B Registration. But why take the risk of starting from scratch? With our fully customizable Quality Manual and Procedures Package you will have all the processes and documents you need.

All you have to do is edit and customize each element to suit your own organization and needs. The Quality Manual and Procedures package is ideally suited for organizations and consultants in search of a proven, simple pathway to successful Registration.

Profit from the years of work that have gone into creating and refining this package. The key to an effective Quality Management System is designing the Quality Management Processes for efficiency and ease of use. The processes must be carefully thought out, well-organized, and carefully designed to work together to lead your organization to continuous improvement.

We save you time and money in gaining AS9120 Rev B certification.

Our experienced AS9120 professionals have done the hard part for you. Our system is the result of continual improvement of processes and procedures that have been tried, proven and improved over the last decade. They have lead thousands of companies across the globe to successful AS9120 Rev B Registration, and more importantly to internal improvements including increased productivity and profits that AS9120 training and implementation brings.

Every purchase is backed by our guarantee.

AS9120 Rev B comes with the following features:

Quality Manual in MS Word format for ease of editing

Text to address each requirement of the AS9120B Standard

Very clear instructions in obvious Blue Text to show you where to customize your Manual and Procedures

Required references to the recommended procedures and forms for your quality management system

Intuitive architecture for easy Document Control

We've numbered the sections of the Quality Manual to correspond with the sections of the AS9120 Rev B Standard. Registrars LOVE this feature!

Procedure and Form numbers relate to the section in the Quality Manual.

This is a downloadable product.

You will also have the option of purchasing the files on a Jump-Drive during checkout but it is not necessary.
