Abstracts

According to our (Global Info Research) latest study, the global Cannabis POS System market size was valued at US$ million in 2024 and is forecast to a readjusted size of USD million by 2031 with a CAGR of %during review period.

A cannabis POS (Point of Sale) system is a specialized software or hardware solution designed to facilitate the retail operations of cannabis dispensaries and businesses in the legal cannabis industry. It provides a comprehensive set of features tailored specifically for the unique needs and regulatory requirements of the cannabis market.

Global Cannabis market is projected to reach US$ 6797.7 million in 2029, increasing from US$ 1674 million in 2022, with the CAGR of 21.9% during the period of 2023 to 2029. Demand from Supermarkets and Convenience Stores are the major drivers for the industry.

As more countries and states legalize cannabis for medical or recreational use, the demand for cannabis POS systems has grown significantly. This trend is expected to continue as more regions embrace cannabis regulation. Cannabis dispensaries must adhere to strict regulatory requirements, including tracking inventory, verifying customer age, managing sales limits, and generating compliance reports. Consequently, there is a growing emphasis on POS systems that offer robust compliance features to help businesses stay compliant with local laws.

This report is a detailed and comprehensive analysis for global Cannabis POS System market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report

explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

Key Features:

Global Cannabis POS System market size and forecasts, in consumption value ($ Million), 2020-2031

Global Cannabis POS System market size and forecasts by region and country, in consumption value ($ Million), 2020-2031

Global Cannabis POS System market size and forecasts, by Type and by Application, in consumption value ($ Million), 2020-2031

Global Cannabis POS System market shares of main players, in revenue ($ Million), 2020-2025

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Cannabis POS System

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global Cannabis POS System market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include Meadow, PROTEUS 420, IndicaOnline, Canaveri, Flowhub, Treez, Cova, Helix BioTrack, Greenbits, WebJoint, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

Market segmentation
