Abstracts

SYNOPSIS

Timetric's 'Copper Mountain Mining Corporation (CUM): Company Profile and SWOT Analysis' contains in depth information and data about the company and its operations. The profile contains a company overview, key facts, major products and services, SWOT analysis, business description, company history, key competitors, financial analysis, mergers & acquisitions, recent developments, key employees, company locations and subsidiaries as well as employee biographies.

SUMMARY

This report is a crucial resource for industry executives and anyone looking to access key information about 'Copper Mountain Mining Corporation'

The report utilizes a wide range of primary and secondary sources, which are analyzed and presented in a consistent and easily accessible format. Timetric strictly follows a standardized research methodology to ensure high levels of data quality and these characteristics guarantee a unique report.

SCOPE

Examines and identifies key information and issues about 'Copper Mountain Mining Corporation' for business intelligence requirements.

Studies and presents the company's strengths, weaknesses, opportunities (growth potential) and threats (competition). Strategic and operational business

information is objectively reported.

The profile also contains information on business operations, company history, major products and services, key employees, and locations and subsidiaries.

REASONS TO BUY

Quickly enhance your understanding of 'Copper Mountain Mining Corporation'

Gain insight into the marketplace and a better understanding of internal and external factors which could impact the industry.

Increase business/sales activities by understanding your competitors' businesses better.

Recognize potential partnerships and suppliers.

KEY HIGHLIGHTS

Copper Mountain Mining Corporation (CMMC) is a mineral exploration and development company. The company's flagship project Copper Mountain open pit mine is 75.0% owned by CMMC and the remaining 25.0% is owned by its strategic partner, Mitsubishi Materials Corporation. The mine is located 20 km south of Princeton, in southern British Columbia, covering an area of 18,000 acres, having a mine life of 17 years. It also operates a copper mill, with a daily production capacity of 35,000 tons. It utilizes a conventional crushing, grinding, and flotation to produce copper concentrates, with gold and silver as its secondary metals. CMMC is headquartered in Vancouver, British Columbia, Canada.
