Abstracts

Introduction

The Express Market Profile - Belgium contains a detailed outlook on the Express industry in this country, reporting on market size, segmentation, trends, and growth forecasts up to 2014 as well as an overview of the European (EU-16) market situation.

Features and benefits

Covers details of the Belgian express market as well as a full European overview

Analyses the country's express market by size & growth levels, further broken down into the segmentations of Destination, Service Level and Recipient

Highlights

The Belgian express market value registered a double digit decline of 10% in 2009. A severe downfall in the economy resulted from weakened exports, which filtered into the country's internationally oriented express market.

Your key questions answered
