Abstracts

Introduction

The Express Market Profile - Germany contains a detailed outlook on the Express industry in this country, reporting on market size, segmentation, trends, and growth forecasts up to 2014 as well as an overview of the European (EU-16) market situation.

Features and benefits

Covers details of the German express market as well as a full European overview

Analyses the country's express market by size & growth levels, further broken down into the segmentations of Destination, Service Level and Recipient

Highlights

Despite being severely hit by the recession in 2009, leading to a considerable decline in exports, the German express market is still the largest in Europe with a market value of over €10 billion. The market comprises of over a quarter of the overall EU-16 value even though it recorded a decline of 7.2% compared to the previous year.

Your key questions answered

Understand how the country's express market will develop over the next five years and how it performs compared with the European average.

Understand the drivers behind the different growth levels of market segments

within the country's express market.
