Abstracts

Introduction

The Express Market Profile - UK contains a detailed outlook on the Express industry in this country, reporting on market size, segmentation, trends, and growth forecasts up to 2014 as well as an overview of the European (EU-16) market situation.

Features and benefits

Covers details of the Swiss express market as well as a full European overview

Analyses the country's express market by size & growth levels, further broken down into the segmentations of Destination, Service Level and Recipient

Highlights

In 2009, the UK express market saw its value drop by 4% while volumes fell by 2.3% as a result of industry-wide price pressure. The lower prices and volumes in 2009 resulted from continuing difficult recessionary conditions and price competition.

Your key questions answered

Understand how the country's express market will develop over the next five years and how it performs compared with the European average.

Understand the drivers behind the different growth levels of market segments within the country's express market.
