Abstracts

INTRODUCTION

Ovum's Wholesale wireline access connections and revenue in Brazil to 2014 databook gives a comprehensive analysis of the wholesale wireline market with respect to broadband and narrowband network types. The wholesale broadband networks are segmented into consumer and business sectors and are further illustrated in detail according to the technologies: DSL, Leased line, Ethernet, Fiber. The narrowband network is illustrated via usage minutes and revenue generation from access ports and usage.

Scope

This databook begins with an overview of wholesale broadband access across consumer and business sectors. This is further illustrated in detail within the following technologies:

- DSL
- Leased line
- Ethernet
- Fiber

This databook also covers wholesale narrowband usage minutes and total revenues. It concludes with a detailed analysis section on the future market scenarios.

Reasons to purchase

- Assess lucrative segments for investment within the wholesale wireline access market in Brazil.
- Identify key trends and areas of growth in the wholesale wireline access market in Brazil.
- Make informed strategic business decisions.

WHOLESALE WIRELINE ACCESS MARKET OVERVIEW

WHOLESALE BROADBAND ACCESS MARKET ANALYSIS

Wholesale broadband access market segmentation
Wholesale broadband access lines
Wholesale broadband access revenues

WHOLESALE CONSUMER BROADBAND MARKET BY TECHNOLOGY

Analysis of wholesale consumer broadband lines and revenues – DSL
Analysis of wholesale consumer broadband lines and revenues – Fiber
Analysis of wholesale consumer broadband lines and revenues – Other broadband

WHOLESALE BUSINESS BROADBAND ACCESS MARKET BY TECHNOLOGY

Analysis of wholesale business broadband lines and revenues – DSL
Analysis of wholesale business broadband lines and revenues – Leased line
Analysis of wholesale business broadband lines and revenues – Ethernet
Analysis of wholesale business broadband lines and revenues – Other broadband

WHOLESALE NARROWBAND WIRELINE ACCESS OVERVIEW

COUNTRY COMPARISON

Wholesale Wireline Access Connections and Revenue in Brazil to 2014

Revenue in top five countries
Connections in top five countries

MARKET SCENARIO: 2008–14

Wholesale access business models
