Abstracts

The global outlook series on the Laboratory Automation Industry provides a collection of statistical anecdotes, market briefs, and concise summaries of research findings.

Illustrated with 22 fact-rich market data tables, the report offers a rudimentary overview of the industry, highlights latest trends and demand drivers, in addition to providing statistical insights.

Regional markets briefly abstracted and covered include US, Europe, Asia, Brazil and Africa.

The report offers a compilation of recent product launches, mergers, acquisitions and strategic corporate developments.

Also included is an indexed, easy-to-refer, fact-finder directory listing the addresses, and contact details of 241 companies worldwide.
