Abstracts

The report Construction and Mining Machinery Market in Ireland to 2020 - Market Size, Development, and Forecasts offers the most up-to-date industry data on the actual market situation, and future outlook for construction and mining machinery in Ireland. The research includes historic data from 2009 to 2015 and forecasts until 2020 which makes the report an invaluable resource for industry executives, marketing, sales and product managers, consultants, analysts, and other people looking for key industry data in a readily accessible document with clearly presented tables and graphs.

The report helps answer the following questions:

What is the current size of the construction and mining machinery market in Ireland?

How is the construction and mining machinery market divided into different types of product segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

The latest industry data included in this report:

Overall construction and mining machinery market size, 2009-2020

Construction and mining machinery market size by product segment, 2009-2020

Growth rates of the overall market and different product segments, 2009-2020

Shares of different product segments of the overall market, 2009, 2015, and 2020

Market potential rates of the overall market and different product segments

The market data is given for the following product segments:

Track-laying tractors

Off-highway dump trucks

Continuous action mine conveyors and elevators

Pile-extractors and pile-drivers

Rock and coal cutters

Other sinking and boring machinery

Compacting and tamping machinery (not self-propelled)

Screening, separating sorting and washing machines

Grinding and crushing machines

Self-propelled road making and earth moving equipment

Mixing and kneading machines

Other construction and mining machinery

Parts of construction and mining machinery

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, and future outlook of the construction and mining machinery market in Ireland to 2020

Track industry developments and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market opportunities and prospects

Save time and money with the readily accessible key market data included in this PDF format industry report. The data is clearly presented and can be easily incorporated into presentations and internal reports.
