Automotive Parts and Accessories Manufacturing in Australia

Companies in this industry manufacture non-electrical automotive components, which include various car accessories, mufflers and child restraints. They do not manufacture engines or car seats. These companies may supply the motor vehicle assemblers or replacement parts (the aftermarket).

This report covers the scope, size, disposition and growth of the industry including the key sensitivities and success factors. Also included are five year industry forecasts, growth rates and an analysis of the industry key players and their market shares.
