The Russian market of catalysts of platinum group. current status and long-term outlook

INFOMINE Research Group LTD

Date: Jan, 2006

Pages: 149

Price: US\$ 5,040.00

ID: T7856925D50EN

Table of Content

INTRODUCTION

I. USE OF CATALYSTS CONTAINING METALS OF PLATINUM GROUP IN PETROCHEMICAL AND A OIL-REFINING INDUSTRY

I.1 Types and structure of catalysts used in Russia

I.2 Manufacture of catalysts containing metals of platinum group in Russia in 2001-2005

I.3 The Basic enterprises - manufacturers of the catalysts containing metals of platinum group in the CIS and their current status

I.3.1 Joint-Stock Company Angarsky zavod Katalyzatorov i organitcheskogo synteza (Angarsk, Irkutsk reg.)

I.3.2 Joint-Stock Company Promishlenniye katalyzatory (Ryazan)

I.3.3 Joint-Stock Company Novokuybyshevsky zavod Katalyzatorov (Novokuybyshevsk, Samara reg.)

I.3.4 Joint-Stock Company Redkinsky zavod katalyzatorov (Redkino, Tver reg.)

I.3.5 Joint-Stock Company Katalyzator (Novosibirsk)

I.3.6 Joint-Stock Company Nizhnegorodskiye sorbenty (Nizhni Novgorod)

I.3.7 Joint-Stock Company Ekaterinburgsky zavod po pererabotke tsvetnykh metalov (Ekaterinburg, Sverdlovsk reg.)

I.3.8 Joint-Stock Company NPK Alvigo-KS (Severodonetsk, Lugansk reg. Ukraine)

I.3.9 Foreign companies which have based the branches for manufacture of catalysts containing metals of platinum group in Russia

I.4 New projects to establish capacities for the production of catalysts containing metals of platinum group in Russia

I.5 Forecast of the output of catalysts containing metals of platinum group in Russia for the period up to 2009

I.6 Export and import of the catalysts containing metals of platinum group, 2001-2005

I.6.1 Volume of foreign trade operations for petrochemical and oil-refining catalysts containing metals of platinum group in 2001-2005

I.6.2 Directions of export deliveries of petrochemical and oil refining catalysts containing metals of platinum group in the Russian Federation in 2001-2005

I.6.3 Volume and directions of export deliveries of platinum catalytic grids in the Russian Federation in 2001-2005

I.6.4 Volume of the foreign trade operations for platinum-containing auto catalysts in 2001-2005

I.6.5 Directions of export deliveries of platinum-containing auto catalysts in the Russian Federation in 2001-2005

I.7 Price review for catalysts containing metals of platinum group prices

I.7.1 In-Russia prices for platinum-containing catalysts

I.7.2 Export-import prices for catalysts containing metals of platinum group

I.8 Consumption of catalysts of petrochemistry and the oil refining, containing metals of platinum group and definition of the domestic market capacity

I.9 Basic foreign companies - suppliers of the catalysts containing metals of platinum group to the Russian

enterprises

I.10 Processing the utilized catalysts containing metals of platinum group

I.10.1 Joint-Stock Company Kyshtymisky medeelectrolytny zavod (Kyshtym, Chelyabinsk reg.)

I.10.2 Joint-Stock Company Prioksky zavod tsvetnikh metallov (Kasymov, Ryazan reg.)

I.10.3 Joint-Stock Company Polevskoy kriolitovy zavod (Polevskoy, Sverdlovsk reg.)

I.10.4 Joint-Stock Company Combine Severonikel (Monchegorsk, Murmansk reg.)

I.10.5 DP Volnogorsky gosudarstveny gorno-metallurgitichesky kombinat (Volnogorsk, Dnepropetrovsk reg., Ukraine)

I.10.6 Joint-Stock Company Tamokhush-Isfarinsky gidrometallurgitichesky zavod (Isfara, Leninabadskaja reg, Tajikistan)

II PRODUCTION OF AUTO CATALYSTS IN RUSSIA AND MANUFACTURE FORECAST UP TO 2009

II.1 Manufacture of auto catalysts in Russia in 1997-2002

II.1.1 FGUP Uralsky electro-khimichesky kombinat (UEKhK) (Novouralsk, Sverdlovsk reg.)

II.1.2 Lindo Ltd, (Moscow.)

II.1.3 NPP EcoNAMI Ltd. (Moscow)

II.2 Prospects of auto catalysts production in Russia and forecast up to 2009

II.3 Global practice of utilized auto catalysts recycling

II.4 Structure and sales structure of co-production of catalysts manufacture and processing

CONCLUSION

Directory of enterprises - catalysts and automobile neutralizers manufactures in Russia

LIST OF TABLES

Table 1. Basic fields of catalytic processes application in the industry of the Russian Federation

Table 2. Characteristic of the catalysts containing metals of platinum group produced in Russian

Table 3. Chemical composition of the alloys used for manufacture of platinoid catalysts in the USSR

Table 4. Characteristic catalytic grids made of Alloy N1

Table 5. Manufacture and consumption of catalysts for strategically important processes providing economic and technological safety of Russia (thousand tons)

Table 6. Manufacture of catalysts on the basis of metals of platinum group for the oil refining and petrochemical industry in Russia in 2001-2004 (tons)

Table 7. Characteristics of reforming catalysts made by the Joint-Stock Company Angarsky zavod katalyzatorov i organiticheskogo synteza

Table 8. Characteristics of isomerization catalysts made by the Angarsky zavod katalyzatorov i organiticheskogo synteza

Table 9. Characteristic of APKGS catalysts which are made by the Joint-Stock Company Angarsky zavod katalyzatorov i organiticheskogo synteza

Table 10. Characteristic of catalysts of GO and AKP types made by the Angarsky zavod katalyzatorov i organiticheskogo synteza

Table 11. Characteristic of chlorine adsorbents of MOA type made by the Joint-Stock Company Angarsky zavod katalyzatorov i organiticheskogo synteza

Table 12. Deliveries of platinum-containing catalysts of the Joint-Stock Company Angarsky zavod katalyzatorov i organiticheskogo synteza to domestic consumers in 2002-2004 (tons)

Table 13. Basic characteristics of reforming catalysts made by the Joint-Stock Company Promishlenniye katalyzatory

Table 14. Basic characteristics of the hydrogenation catalysts made by the Joint-Stock Company Promishlenniye katalyzatory

Table 15. Deliveries of platinum-containing catalysts of the Joint-Stock Company Promishlenniye katalyzatory to domestic consumers in 2002-2004 (tons)

Table 16. Nomenclature of platinum- and palladium-containing catalysts made by the Joint-Stock Company Novokuybyshevsky zavod katalyzatorov

Table 17. Basic characteristics of the platinum- and palladium-containing catalysts made by the Joint-Stock Company Novokuybyshevsky zavod katalyzatorov

Table 18. Nomenclature of the catalysts containing metals of platinum group made by the Joint-Stock Company Redkinsky katalyzatorny zavod

Table 19. Characteristic of the catalyst carriers made by the Joint-Stock Company Redkinsky katalyzatorny zavod

Table 20. Palladium-containing catalysts developed the Joint-Stock Company Katalyzator (Novosibirsk)

Table 21. Comparative characteristic of palladium-containing catalysts developed by the Joint-Stock Company Katalyzator

Table 22. Characteristics of various grades of catalyst AOK-75-22 made by the Joint-Stock Company Katalyzator

Table 23. Developed Joint-Stock Companies Nizhniy Novgorod sorbents the technologies introduced into manufacture for last years

Table 24. Platinum- and palladium-containing catalysts grades offered by the Joint-Stock Company Nizhnegorodskiye sorbenty

Table 25. Comparative characteristic of platinum- and palladium-containing catalysts offered by the Joint-Stock Company Nizhnegorodskiye sorbenty

Table 26. Chemical composition of the alloys used to manufacture catalytic and catching grids of the Joint-Stock Company Ekaterinburgsky zavod po pererabotke tsvetnikh metalov (by the basic components)

Table 27. Characteristics of catchers of the Joint-Stock Company Ekaterinburgsky zavod po pererabotke tsvetnikh metalov

Table 28. Characteristics of various APKGS catalyst grades made by the Joint-Stock Company NPK Alvigo-Ks

Table 29. Basic characteristics of catalysts of OXR-91? and OXR-93? catalysts made by the Joint-Stock Company Novokuybyshevsky zavod katalyzatorov

Table 30. Foreign trade in the field of catalysts of petrochemistry and the oil refining, containing as an active component metals of platinum group and their compounds in the Russian Federation in 2001-2004 and first half of 2005 (tons)

Table 31. Russian exporters of catalysts of petrochemistry and oil refining, containing platinoids as an active component in 2001-2004 and first half of 2005 (tons)

Table 32. Import of catalysts of petrochemistry and oil refining, containing as an active component platinoids, the Russian Federation in 2001-2004 and first half of 2005 (tons)

Table 33. Foreign trade in the field of platinum-containing autocatalysts

Table 34. Import platinum-containing autocatalysts to the Russian Federation in 2001-2004 and first half of 2005 (tons)

Table 35. Dynamics of platinum and palladium average monthly prices for platinum and palladium at London stock exchange of metals in 2004-2005 (\$/gr)

Table 36. Average yearly prices of foreign trade operations of the Russian Federation with platinum-containing autocatalysts in 2001-2004 and first half of 2005 (\$/kg)

Table 37. Volumes of consumption of catalysts of oil refining and petrochemistry containing platinoids in Russia in 2001-2004 (tons)

Table 38. Foreign suppliers of catalysts of petrochemistry and oil refining to the Russian market in 2001-2005 (t)

Table 39. Largest Russian enterprises carrying out processing of catalysts containing metals of platinum group and their production capacity

Table 40. Manufacture of autocatalysts in Russia in 1997-2002 (thousand pieces)

Table 41. Manufacture of neutralizers by Lyndo Ltd. in 1997-2002

Table 42. EEC gasoline specifications

LIST OF FIGURES

Figure 1. Use of platinum group metals in manufacture of catalysts for oil refining and petrochemistry in Russia in 2001-2004 (t/year)

Figure 2. Manufacture of catalysts containing metals of platinum group and designed for oil-refining industry at the Joint-Stock Company Angarsky zavod katalyzatorov i organitcheskogo synteza in 1997-2004 (tons)

Figure 3. Manufacture of platinum and palladium catalysts at the Joint-Stock Company Promishlenniye Katalyzatory in 1997-2004

Figure 4. Manufacture of metal containing catalysts

Figure 5. Complex management of catalysts at the N? YUKOS

Figure 6. Manufacture of catalysts containing metals of platinum group by the Joint-Stock Company Redkinsky katalyzatorny zavod in 1997-2004 (tons)

Figure 7. Export structure of platinum-containing catalysts of petrochemistry and oil refining by the Russian companies in 2004 (%)

Figure 8. Export volume of platinum catalytic grids by the Russian Federation in 2001-2004 and first half 2005 (kg)

Figure 9. Dynamics of the average monthly prices for platinum, palladium and rhodium at London stock exchange of metals in 1995-2005 (\$ for troy ounce)

Figure 10. Mid-annual prices of the foreign trade operations of the Russian Federation catalysts containing metals of platinum group in 2001-2004 and first half of 2005 (\$/kg)

Figure 11. the Mid-annual export price of the Russian Federation platinum catalytic grids in 2001-2004 and first half of 2005 (\$/gr)

Figure 12. Structure of reforming catalysts loading at the enterprises of Russian oil refining complex

Figure 13. Manufacture of refined copper of the Joint-Stock Company Kyshtymisky medeelectrolitny zavod in 1997-2004 (thousand tons)

Figure 14. Technological scheme of schlich platinum processing

Figure 15. Technological circuit of catalysts processing of the Joint-Stock Company Prioksky zavod tsvetnikh metalov

Figure 16. Manufacture of cryolite and fluoric aluminum of the Joint-Stock Company Polevsky cryolitovy zavod in 1996-2004 (thousand tons)

Figure 17. Manufacture of autocatalysts FGUP Uralsky elektrokhimichesky kombinat in 1998-2002 (thousand pieces)

Figure 18. Neutralizer 17.1206.010 - equipment of LIAZ 677 buses - test results

Figure 19. Manufacture of neutralizers of the Joint-Stock Company NPP EcoNAMI in 1997-2002 (thousand pieces)

I would like to order:

Product name: The Russian market of catalyts of platinum group. current status and long-term outlook
Product link: <http://marketpublishers.com/r/T7856925D50EN.html>
Product ID: T7856925D50EN
Price: US\$ 5,040.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service: office@marketpublishers.com

Payment

To pay by Credit Card (Visa, MasterCard, American Express, PayPal), please, click 'BUY NOW' button on product page <http://marketpublishers.com/r/T7856925D50EN.html>

To pay by Wire Transfer, please, fill in your contact details in the form below:
