Abstracts

According to our (Global Info Research) latest study, the global Translation Management System(TMS) market size was valued at US$ 1042 million in 2024 and is forecast to a readjusted size of USD 2898 million by 2031 with a CAGR of 15.9% during review period.

A translation management system (TMS) is a project management application that can automate and streamline your localization workflow. A typical TMS supports complex translation projects and eliminates the repetitive manual tasks typically involved in language translation. Localization projects often involve large groups of people with team members in different countries or time zones. A TMS can help everyone work together more effectively, improving translation quality and scalability while reducing time to market.

This report is a detailed and comprehensive analysis for global Translation Management System(TMS) market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

Key Features:

Global Translation Management System(TMS) market size and forecasts, in consumption value ($ Million), 2020-2031

Global Translation Management System(TMS) market size and forecasts by region and country, in consumption value ($ Million), 2020-2031

Global Translation Management System(TMS) market size and forecasts, by Type and by Application, in consumption value ($ Million), 2020-2031

Global Translation Management System(TMS) market shares of main players, in revenue ($ Million), 2020-2025

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for Translation Management System(TMS)

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global Translation Management System(TMS) market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include TransPerfect, Lokalise, Crowdin, Phrase, Memsource, Smartling, memoQ, Transifex, Localize Corporation, Consoltec, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

Market segmentation

Translation Management System(TMS) market is split by Type and by Application. For the period 2020-2031, the growth among segments provides accurate calculations and forecasts for Consumption Value by Type and by Application. This analysis can help you expand your business by targeting qualified niche markets.
