Iron Ore Market Review

Merchant Research & Consulting, Ltd

Date: January 1, 2012

Pages: 45

Price: US\$ 890.00

ID: IA47D848BBCEN

Iron Ore Market Review is an absolutely essential resource for anyone interested in the detailed information on the reviewed market. Using a wide range of primary and secondary sources, we combined, analyzed and presented all available data about Iron Ore in the all-in-one report issued in a coherent format.

In addition to the descriptive part, the report provides a range of tables and figures which give a true insight into the relevant national, regional and global markets of Iron Ore.

The report also features next five year forecasts by market experts and analysts.

Monthly market monitoring service for Iron Ore is also available.

Monthly Iron Ore Market Monitoring:

- Summarizes key events occurred in Iron Ore worldwide.
- Covers Iron Ore annual prices for the last five years (divided by regions where applicable) and supplies with Monthly pricing background.
- Monitors activities of Iron Ore market players.
- Issued monthly, available on annual subscription.

Scope

- The report represents a thorough study of Iron Ore, covering both global and regional markets.
- It aims to give a proper picture of the pertinent market, as well as its trends, perspectives and opportunities.
- It covers the present situation, historical background and future forecast of Iron Ore market.
- Comprehensive data showing Iron Ore production, consumption, trade statistics and prices are provided (both nationwide and worldwide).
- Each country's market overview covers the following: Iron ore production and consumption in the country, major producers, Iron Ore consumption in the country market, Iron Ore trade in the country, Iron Ore prices.
- The report offers a 5 year outlook on the reviewed market, including Iron Ore market volume predictions and price trends.

Reasons to Buy

The immediate benefits of buying this report are as follows:

- Your knowledge of the Iron Ore market will become unparalleled.
- The unique analysis of the relevant market as well as detailed knowledge of both global and regional factors impacting the industry will take you one step further in managing your business environment.
- You will boost your company's business/sales activities.
- Your search for prospective partners and suppliers will be largely facilitated.
- An in-depth market forecast will strengthen your decision-making process.
- Besides annual market intelligence your knowledge of the Iron Ore industry can be enriched by the

Monthly market monitoring service offered by the company.

About Iron Ore Market

Iron ore is a mineral substance which, almost always consists of iron oxides, the primary forms of which are magnetite and hematite. Iron ore is the source of primary iron for the world's iron and steel industries. Almost all (98%) iron ore is used in steelmaking.

World leader in ore production is China with 39.3% market share. Second place takes Australia with 17.6% share.
