Abstracts

This industry report offers the most up-to-date market data on the actual market situation, trends and future outlook for metalworking machinery in Germany. The research includes historic market data from 2007 to 2013 and forecasts until 2018 which makes the report an invaluable resource for industry executives, marketing, sales and product managers, analysts, and other people looking for key industry data in readily accessible and clearly presented tables and graphs.

The latest market data for this research include:

Overall metalworking machinery market size, 2007-2018

Metalworking machinery market size by product segment, 2007-2018

Growth rates of the overall metalworking machinery market and different product segments, 2007-2018

Shares of different product segments of the overall metalworking machinery market, 2007, 2013 and 2018

Market Potential Rates of the overall metalworking machinery market and different product segments

The product segments discussed in this data report include:

Machining centres

+44 20 8123 2220
info@marketpublishers.com

Single/multistation transfer machines

Lathes for removing metal

Metal drilling machines

Metal milling and boring machines

Metal tapping and threading machines

Metal grinding machines

Metal sharpening machines

Metal lapping and honing machines

Other metal finishing machine tools

Metal slotting and shaping machines

Metal broaching machines

Metal sawing and cutting-off machines

Other metal shaping machines

Machine tools for forging, die-stamping and bending metal

Other machine tools for working metals

Parts and accessories for metalworking machine tools

The report helps answering the following questions:

What is the current size of the metalworking machinery market in Germany?

How is the metalworking machinery market divided into different product

segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, trends, and future outlook of the metalworking machinery market in Germany to 2018

Track industry trends and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market trends and prospects

Save time and money with the readily accessible key market data included in the report. The market data is clearly presented and can be easily incorporated into presentations, internal reports, etc.

Contents

1. MARKET FOR METALWORKING MACHINERY IN GERMANY

Overall Market
Market by Type
- Machining centres
- Single/multistation transfer machines
- Lathes for removing metal
- Metal drilling machines
- Metal milling and boring machines
- Metal tapping and threading machines
- Metal grinding machines
- Metal sharpening machines
- Metal lapping and honing machines
- Other metal finishing machine tools
- Metal slotting and shaping machines
- Metal broaching machines
- Metal sawing and cutting-off machines
- Other metal shaping machines
- Machine tools for forging, die-stamping and bending metal
- Other machine tools for working metals
- Parts and accessories for metal working machine tools

2. FORECASTS AND FUTURE OUTLOOK

Overall Market
Market by Type
- Machining centres
- Single/multistation transfer machines
- Lathes for removing metal
- Metal drilling machines
- Metal milling and boring machines
- Metal tapping and threading machines
- Metal grinding machines
- Metal sharpening machines
- Metal lapping and honing machines
- Other metal finishing machine tools
- Metal slotting and shaping machines
