Abstracts

The report package Plywood Markets in Africa to 2022 - Market Size, Development, and Forecasts offers the most up-to-date industry data on the actual market situation, and future outlook for plywood in different African countries. The package includes plywood country reports from the following countries:

Egypt, Ghana, Morocco, South Africa, Sudan

The research includes historic data from 2011 to 2017 and forecasts until 2022 which makes the reports an invaluable resource for industry executives, marketing, sales and product managers, consultants, analysts, and other people looking for key industry data in readily accessible documents with clearly presented tables and graphs.

The reports help answer the following questions:

What is the current size of the plywood market in different African countries?

How is the plywood market divided into different product segments?

How are the overall market and different product segments growing?

How is the market predicted to develop in the future?

What is the market potential compared to other countries?

The latest industry data included in the reports:

+44 20 8123 2220
info@marketpublishers.com

Overall plywood market size, 2011-2022

Plywood market size by product segment, 2011-2022

Growth rates of the overall plywood market and different product segments, 2011-2022

Shares of different product segments of the overall plywood market, 2011, 2017 and 2022

The market data is given for the following product segments:

Plywood (outer ply of tropical wood)
Plywood (outer ply of non-coniferous wood)
Other plywood

Among the key reasons to purchase include the following:

Gain an outlook of the historic development, current market situation, and future outlook of the plywood market in different African countries to 2022

Track industry developments and identify market opportunities

Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market opportunities and prospects

Save time and money with the readily accessible key market data included in the reports. The data is clearly presented and can be easily incorporated into presentations and internal reports.
