Abstracts

This **Recruitment and Staffing Company Database** contains a list of recruitment companies and staffing companies. The data consists of over **3,200** recruitment companies globally with more than **17,700** key senior management and executive contact names for this industry sector. All aspects of recruitment activity are covered, including:

employment

training

headhunting

temporary recruitment

human capital

job boards

executive search

interim recruitment

and more.

Approximately 60% of the database are US based recruitment companies. The database is available in Excel which enables easy filtering and sorting of data.

What can the data be used for?

To understand the size and activities of a potential recruitment supplier before engaging with that company

To target specific company executives or management

Compare suppliers and companies in the same sector

To conduct a mailing list to specific recruitment company executives within the company

As a guide for competitor intelligence on the industry

To understand the activities of companies in international countries

To source potential candidates for a new job opening

To maintain recruitment market intelligence on the industry

To identify acquisition targets

To identify a potential business partner

The Recruitment and Staffing Company Database contains the following contents:

Company Name

Address

Country

Website

Telephone

Revenue ($ million)

+44 20 8123 2220
