

Compound MILITARY Grade (CAS 7631-99-4) Market Research Report 2026

<https://marketpublishers.com/r/C54BE0457D6EN.html>

Date: June 2026

Pages: 50

Price: US\$ 2,200.00 (Single User License)

ID: C54BE0457D6EN

Abstracts

Compound MILITARY Grade (CAS 7631-99-4) Market Research Report 2026 presents comprehensive data on Compound MILITARY Grade markets globally and regionally (Europe, Asia, North America etc.)

The report includes Compound MILITARY Grade description, covers its application areas and related patterns. It overviews Compound MILITARY Grade market, names Compound MILITARY Grade producers and indicates its suppliers.

Besides, the report provides Compound MILITARY Grade prices in regional markets.

In addition to the above the report determines Compound MILITARY Grade consumers in the market.

BAC Reports offers its clients in-depth market research of chemical industry products on the global and regional markets (North & Latin America, Asia Pacific, European Union, Russia and CIS).

We can analyze the following elements for each chemical product in any country or region:

capacities and production

consumption volume and structure

market price trends

exports and imports

existing technologies

feedstock market condition

market news digest

market forecast.

Compound MILITARY Grade (CAS 7631-99-4) Market Research Report 2026 can feature:

market condition and estimations, market forecast

chemical product ranges, trademarks, analogous products, application areas

regional and global producers, consumers and traders (including contact details).

Contents

1. COMPOUND MILITARY GRADE (CAS 7631-99-4)

- 1.1. General information, synonyms
- 1.2. Composition, chemical structure
- 1.3. Safety information
- 1.4. Hazards identification
- 1.5. Handling and storage
- 1.6. Toxicological & ecological information
- 1.7. Transport information

2. COMPOUND MILITARY GRADE APPLICATIONS

- 2.1. Compound MILITARY Grade application spheres, downstream products

3. COMPOUND MILITARY GRADE MANUFACTURING METHODS

4. COMPOUND MILITARY GRADE PATENTS

- Abstract
- Description
- Summary of the invention
- Detailed description of the invention

5. COMPOUND MILITARY GRADE MARKET WORLDWIDE

- 5.1. General Compound MILITARY Grade market situation, trends
- 5.2. Manufacturers of Compound MILITARY Grade
 - Europe
 - Asia
 - North America
 - Other regions
- 5.3. Compound MILITARY Grade suppliers (importers, local distributors)
 - Europe
 - Asia
 - North America
 - Other regions

5.4. Compound MILITARY Grade market forecast

6. COMPOUND MILITARY GRADE MARKET PRICES

6.1. Compound MILITARY Grade prices in Europe

6.2. Compound MILITARY Grade prices in Asia

6.3. Compound MILITARY Grade prices in North America

6.4. Compound MILITARY Grade prices in other regions

7. COMPOUND MILITARY GRADE END-USE SECTOR

7.1. Compound MILITARY Grade market by application sphere

7.2. Compound MILITARY Grade downstream markets trends and prospects

*Please note that Compound MILITARY Grade (CAS 7631-99-4) Market Research Report 2026 is a half ready publication and contents are subject to change. It only requires updating with the help of new data that are constantly retrieved from Publisher's databases and other sources. This updating process takes 5-7 business days after order is placed. Thus, our clients always obtain a revised and updated version of each report. Please also note that we do not charge for such an updating procedure. BAC Reports has information for more than 25,000 different chemicals available but it is impossible to have all reports updated immediately. That is why it takes 5-7 days to update a report after an order is received.

About

Product Name:	Compound MILITARY Grade
Synonyms:	Chile saltpeter Cubic niter Soda niter Sodium Nitrate for Industrial use Sodium Nitrate ACS Crystals Industrial Sodium Nitrate Sodium nitrate
CAS#:	7631-99-4
Formula:	NNaO_3
Molecular Weight:	84.99
Appearance:	Odorless, colorless, transparent crystals, white granules or powder, hygroscopic, deliquescent.
Usage:	Manufacture enamels for pottery, nitric acid, sodium nitrite, in matches, catalyst in manufacture sulfuric acid, pickling meats.

Sodium nitrate (Chile saltpeter, sodium salt, soda niter, sodium saltpeter, Nitrate, etc.) refers to a chemical compound with the molecular formula NNaO_3 and molecular weight 84.99. The product is a colorless, odorless solid with a saline, bitter taste. Sodium nitrate easily dissolves in water, ammonia and alcohol. Boiling point of sodium nitrate is 380 °C. Industrially, sodium nitrate is prepared by the reaction between nitric acid and Na_2CO_3 solutions, and by the reaction of ammonium nitrate and sodium hydroxide.

Sodium nitrate is widely used in various substances such as enamels, rocket fuel, fertilizers, explosives. Sodium nitrate, due to its antimicrobial properties, is utilized in food products. The compound inhibits the poisoning of food and adds meat a red color.

Sodium nitrate can be found in pesticide gas cartridges, fireworks, fertilizers. Being the first listed ingredient in fertilizers, the product raises the level of nitrogen in the soil and inhibits soil erosion. Moreover, sodium nitrate is found in the manufacture of chemically strengthened glass, nitric acid. Sodium nitrate is also utilized to treat wastewater.

The product causes irritation and damage of eyes and skin. In some persons, the product can cause even inflammation of skin and dermatitis. Ingestion of sodium nitrate may lead to severe impact on the health of an individual. Dizziness, headaches, nausea, weakness, confusion, tachycardia, dyspnea are amid the common symptoms after the ingestion of the product. Inhalation of sodium nitrate may produce the irritation of the respiratory tract with further possible damage of lungs. Prolonged contact with the product causes airway system diseases. Moreover, sodium nitrate is potentially a mutagenic product.

Sodium nitrate market is covered in the study Sodium nitrate (CAS 7631-99-4) Market Research Report 2013. The report encompasses proper description of the product, unveils application areas, and briefly summarizes patents in the sphere. It overlooks Sodium nitrate market situation, names manufacturers, suppliers as well as users. The report also provides current Sodium nitrate prices in the market.
