The report requires updating with new data and is sent in 48 hours after order is placed.

A facial roller is a handheld face massaging tool that is fitted with jade stone or any other crystal heads on both ends. These heads are rolled on different parts of the face, depending on their size. With the increasing popularity of facial rollers, market players have launched rollers of different sizes and stones. For instance, a mini roller is smaller in size and consists of only one roller head.
