Abstracts

The global Tennis Apparel market size is predicted to grow from US$ million in 2025 to US$ million in 2031; it is expected to grow at a CAGR of %from 2025 to 2031.

The impact of the latest U.S. tariff measures and the corresponding policy responses from countries worldwide on market competitiveness, regional economic performance, and supply chain configurations will be comprehensively evaluated in this report.

Tennis apparel includes tennis shorts, skirts, tracks, headgear, and jackets.

An increasing number of celebrity endorsements is one of the most important factors driving the growth of this market globally. Launching campaigns related to tennis and promoting products by famous players is an old and effective marketing strategy undertaken by most tennis apparel manufacturing companies. Such vendors get tennis icons like Roger Federer, Andy Murray, Rafael Nadal, and Serena Williams for launching their new product lines. Also, many vendors name their tennis apparel collections after famous players to help propel sales, thus, cashing in on the celebrity fan following. Moreover, vendors sponsor various tennis tournaments and matches as part of their product promotions. This increase in promotional activities is likely to propel the growth prospects for this market over the predicted period.
