Abstracts

The global demand for Polyurethane Foams is forecast to report strong growth driven by consumption in major emerging markets. More growth opportunities will turn up between 2018 and 2025 as compared to the past five years, suggesting rapid pace of change. Companies quickly adapting to this changing landscape are emerging as top performers and earning attractive revenues through sustainable transition, innovation, efficient pricing and sales execution strategies.

Increases in both domestic and export-oriented revenues are observed for key players in the global Polyurethane Foams market. However, challenges such as increasing buyer bargaining power, emphasis on high-quality products at low costs are forcing significant changes in the Polyurethane Foams' supply chain.

REPORT DESCRIPTION

The 'Global Polyurethane Foams market outlook report' from 2017 to 2025 is a comprehensive work on Polyurethane Foams industry. This research study analyzes the penetration of Polyurethane Foams across applications worldwide. Focusing on the factors driving and challenging the new industry dynamics, this research report presents a strategic analysis review of global Polyurethane Foams market.

The report analyzes the current market size in terms of revenues based on the average prices of Polyurethane Foams products worldwide. The study also presents a 7-year outlook on the basis of anticipated growth rates (CAGR) for different types of

Polyurethane Foams and the industry as a whole. Further, detailed pricing analysis of products is provided in the report.

The report also explores how Polyurethane Foams manufacturers are adapting to the changing market conditions through key industry strategies. The existing companies in Polyurethane Foams market are identified and ranked according to their market shares. In addition, company to company comparison (Company benchmarking) and product-to-product comparison (Product benchmarking) are included in the research work. It presents key competitive factors that are vital for companies to excel in challenging market conditions. To provide insights into the operating companies, business profiles of leading Polyurethane Foams manufacturers are included in the report.

Region wise dynamics and growth prospects across segments are provided in the report. Further, application wise and geography wise market sizes of Polyurethane Foams are forecasted. This global deliverable scope spans across 4 key regions that include Asia Pacific (APAC), Europe, North America and Rest of the World (RoW) markets.

For computing the current market value of Polyurethane Foams market and to assess its future potential, key business opportunities along with potential challenges are considered. Impact of price fluctuations and macro, micro factors affecting the prices of Polyurethane Foams across different applications have been analyzed in the research study. The forecasts are made on the basis of multiple drivers and challenges together with geographical, technological and product-specific trends and recent industry developments.

In addition, recent industry developments including asset transactions, mergers and acquisitions, joint ventures, product innovation and new product launches are provided in the report.

METHODOLOGY-

With over 8 years of industry experience, OG Analysis has developed a robust methodology for assessing market sizes, market shares and sound forecast tools. The research report includes

Long term perspective on the industry:

The base year for the market analysis is 2017 and forecasts are provided from 2018 to 2025

Forecasts are provided for the below segments

- Industry as a whole, 2017-2025
- Polyurethane Foams Types, 2017-2025
- Applications and End User Segments, 2017-2025
- Geographies, 2017-2025

Strategic Analysis Review:

- Key strategies opted by leading players
- Short to Long Term Industry Trends
- Porter’s Five Forces Analysis
- Supply side and Demand side Drivers and Challenges
- Value Chain Analysis
- Pricing Analysis

Growth Opportunities:

- Potential New Business Opportunities
- Key Areas of Focus in forecast period

Competitive Scenario:

- Leading Players
- Market Shares of Top five companies
- Company Peer-to-Peer Comparison
- Product Benchmarking
- Financial Analysis

RECENT NEWS AND DEALS LANDSCAPE

KEY STRATEGIES OF LEADING PLAYERS

- Enhance productivity and optimizing back end manufacturing processes
- Product enhancement through integrating new strategies involving big data, advanced analytics into traditional manufacturing processes
- Growing businesses through serving into new application areas and identifying pockets of growth in emerging markets
- Focusing on cost effective production with stability and robustness
- Strategies for Product differentiation and adjusting to the life cycle changes
- Strengthening collaboration with suppliers and distributors
- More focused strategies are found in the report.

REASONS TO BUY

- The report is designed to help industry executives promote the success and continued growth of their organizations
