Abstracts

According to Stratistics MRC, the Global Pest Control Market is accounted for $17.87 billion in 2017 and is expected to reach $33.13 billion by 2026 growing at a CAGR of 7.1% during the forecast period. Growing urbanization coupled with the exponential growth of population, effects of climate change on pest proliferation and easy availability of pest control products & services are some of the factors fuelling the market growth. However, rising health issues related to pest control chemicals are restraining market growth. Moreover, consistent product developments and launches are providing opportunities for market growth.

Pest control is the process of managing or removing pests from the house or place of business. Pest control services include screening and sealing of openings to avoid entry of pests inside the premises. Pest control is used for killing or repelling attacks of pests such as insects, rodents, and bed bugs. Different types of professional pest control treatments to control or kill pest population comprises chemical, biological, and mechanical. Inspection is a fundamental step for any type of pest control service.

Based on product, mechanical segment acquired considerable share during the forecast period owing to cost-effectiveness, quick results, and ease in application. By Geography, Asia-Pacific is expected to grow at a significant market share during the forecast period due to rapid urbanization and technological advancement in agriculture, and adoption of pest control methods.

Some of the key players profiled in the Pest Control market include Truly Nolen Pest Control, The Terminix International Company, Syngenta, Sumitomo Chemical, Rollins Inc., Rentokil Initial PLC, Pelgar International, FMC Corporation, Ecolab, Dowdupont, Bell Laboratories Inc., Bayer Cropscience, BASF, Atalian Servest and ADAMA.

What our report offers:

Market share assessments for the regional and country level segments

Strategic recommendations for the new entrants

Market forecasts for a minimum of 9 years of all the mentioned segments, sub segments and the regional markets

Market Trends (Drivers, Constraints, Opportunities, Threats, Challenges, Investment Opportunities, and recommendations)

Strategic analysis: Drivers and Constraints, Product/Technology Analysis, Porter’s five forces analysis, SWOT analysis etc.

Strategic recommendations in key business segments based on the market estimations

Competitive landscaping mapping the key common trends

Company profiling with detailed strategies, financials, and recent developments

Supply chain trends mapping the latest technological advancements

Free Customization Offerings:

All the customers of this report will be entitled to receive one of the following free customization options:

Company Profiling

Comprehensive profiling of additional market players (up to 3)

SWOT Analysis of key players (up to 3)

Regional Segmentation

Market estimations, Forecasts and CAGR of any prominent country as per the clients interest (Note: Depends of feasibility check)

Competitive Benchmarking

Benchmarking of key players based on product portfolio, geographical presence, and strategic alliances
