Abstracts

According to “South America Content Delivery Network Market By Type ideo CDN Vs. Non-Video CDN), By Service Provider, By Solution, By Adjacent Service, By End User, By Country, Competition Forecast & Opportunities, 2013 – 2023” Content Delivery Network (CDN) is projected to grow at a CAGR of around 32% by 2023, owing to growth in online music & video content as well as online transaction-based services. Increasing demand for minimization of web latency and network optimization coupled with growing cloud services adoption, and rising penetration of various CDN services and solutions providing companies are some of the other factors that would fuel the market during the forecast period. Growing adoption of CDN services and solutions by e-commerce websites to offer enhanced website performance to the users would also positively influence the content delivery network market in South America in the coming years. Some of the major players are Akamai Technologies Limited, Wangsu Science & Technology Co Ltd, Amazon Web Services, Inc., CenturyLink, Inc., Limelight Networks, Inc., Verizon Digital Media Services, Inc., CDNetworks Co Ltd, Tata Communications Ltd., Internap Corporation, Cloudflare Inc., etc. “South America Content Delivery Network Market By Type, By Service Provider, By Solution, By Adjacent Service, By End User, By Country, Competition Forecast & Opportunities, 2013 – 2023” discusses the following aspects of content delivery network market in South America:

Content Delivery Network Market Size, Share & Forecast

Segmental Analysis – By Type (Video CDN Vs. Non-Video CDN), By Service

Provider, By Solution, By Adjacent Service, By End User, By Country

Competitive Analysis

Changing Market Trends & Emerging Opportunities

Why You Should Buy This Report?

To gain an in-depth understanding of content delivery network in South America

To identify the on-going trends and anticipated growth in the next five years

To help industry consultants, content delivery network distributors and other stakeholders align their market-centric strategies

To obtain research-based business decisions and add weight to presentations and marketing material

To gain competitive knowledge of leading market players

To avail 10% customization in the report without any extra charges and get the research data or trends added in the report as per the buyer's specific needs

Report Methodology

The information contained in this report is based upon both primary and secondary research. Primary research included interaction with content delivery network distributors and industry experts. Secondary research included an exhaustive search of relevant publications like company annual reports, financial reports and proprietary databases.
