Report Details

Helicopters are essential in military operations as most recently demonstrated by their performance in Iraq and Afghanistan. The shift from conventional to asymmetric warfare requires more platforms to operate increasingly in challenging environments. Although military budget cuts threaten programmes in North America and Europe, the emerging markets of the Middle East, Asia and Latin America offer significant opportunities for the Military Helicopter MRO industry. As a consequence, Visiongain has determined that the value of the military helicopter MRO market in 2013 will reach $10,2bn.

What makes this report unique?

Visiongain consulted widely with industry experts and a full transcript from an exclusive interview with Helibras is included within the report. As such, our reports have a unique blend of primary and secondary sources providing informed analysis. This methodology allows insight into the key drivers and restraints behind market dynamics and competitive developments, as well as identifying the technological issues. The report therefore presents an ideal balance of qualitative analysis combined with extensive quantitative data including global, submarket and regional markets forecasts from 2013-2023 - all of which identify strategic business opportunities.

Why you should buy the Global Military Helicopter Maintenance, Repair & Overhaul (MRO) Market 2013-2023

Stay ahead with this comprehensive analysis of the military helicopter MRO industry prospects

The report comprises 151 pages

Get ahead by studying highly quantitative content that delivers solid conclusions benefiting your research and analysis

171 tables, charts, and graphs quantifying and forecasting the market
