Abstracts

This report presents a comprehensive overview of the animal fats and oils and their fractions partly or wholly hydrogenated, inter-esterified, re-esterified or elaidinised market in Greece and a forecast for its development in the next five years. It provides a detailed analysis of the market, its dynamics, structure, characteristics, main players, growth and demand drivers, etc.

The purpose of the report is to describe the state of the animal fats and oils and their fractions partly or wholly hydrogenated, inter-esterified, re-esterified or elaidinised market in Greece, to present actual and retrospective information about the volumes, dynamics, structure and characteristics of production, imports, exports and sales and to build a forecast for the market in the medium term. In the same way, the report presents an elaborate analysis of the main market participants, the price fluctuations, growth and demand drivers of the market and all other factors, influencing its development.

This research report has been prepared using the unique WMStrategy's methodology, including a blend of qualitative and quantitative data. The information comes from official sources and market insights from expert representatives of the main market participants (gathered by semi-structured interviews).

The report on the animal fats and oils and their fractions partly or wholly hydrogenated, inter-esterified, re-esterified or elaidinised market in Greece includes:

Analysis and forecast for the economy of Greece;

Analysis and forecast for development of the market volume (market size), value

and dynamics;
