About

SNS Research's latest database indicates that North American LTE subscriptions will surpass 330 Million at the end of 2020.

With nearly 7 Billion mobile network subscriptions worldwide, global mobile penetration is fast approaching the 100% mark. Mobile broadband in particular is witnessing considerable growth. SNS Research estimates that LTE subscriptions have already crossed the 200 Million mark globally.

LTE continues to gain momentum throughout North America, as wireless carriers aggressively invest in new infrastructure deployments. Growing at a CAGR of nearly 20% over the next 6 years, North American LTE subscriptions are set to surpass 330 Million by the end of 2020.

Covering over 47 countries and 157 wireless carriers in North, Latin & Central America, the “Americas 2G, 3G & 4G Wireless Subscriptions, Spectrum Licensing, Ownership & Infrastructure Contracts Database: 2014 – 2020” database tracks mobile network subscriptions, penetration, spectrum licensing, mobile infrastructure contracts and network ownership data.
