Abstracts

“Middle East LNG Market Opportunities, Trends and Drivers to 2020” from LNGReports is a comprehensive report on current and future Middle East LNG business environment. It identifies all possible opportunities of contracting and investing in Middle East markets. The report provides all major trends and drivers driving the industry growth to 2020. It forecasts country wise LNG capacity, LNG exports and natural gas production to 2020. In addition to monthly trade volumes from January to December 2010, it also provides annual LNG trade data from 2000 to 2020 by country.

Monthly LNG price data is provided for Oman, Qatar, the UAE and Yemen for 2010. The report also analyzes the trade patterns and the typical contracting terms followed in sale purchase agreements with supporting data. Key LNG strategies of 6 leading players in Middle East are detailed. Further, the report also provides capacity addition details through new terminals and expansions. Current status of all the planned terminals in Middle East is detailed along with all the latest developments in Middle East LNG industry.

Scope

Key growth, expansion, investment, contracting, exporting and pricing trends in Middle East over the next decade are identified

All major investment and contracting areas in Middle East are identified and the pros and cons of these investments are also detailed

Monthly LNG export quantities by exporting country to importing country, January 2010 to December 2010

Monthly LNG export prices by exporting country to importer, January 2010 to December 2010

Amount of spare capacity available in each of the four Middle East LNG markets is provided through out for 2010 to 2020

Long and medium term sale purchase agreements, contract patterns, terms, all contract details including duration, volume, importing company, shipping type

Country and regional LNG capacity forecast- 2000 to 2020 for countries- Oman, Qatar, the UAE and Yemen.

Country wise actual LNG exports forecast, 2000- 2020 along with, key drivers and trends of growth in all LNG markets- Oman, Qatar, the UAE and Yemen

Mid term and long term LNG strategies opted by each company and their country wise LNG operations are provided for six companies including- Qatar Petroleum, Exxon Mobil Corporation, Royal Dutch Shell Plc, Total SA, Yemen Gas Company and Kuwait National Petroleum Corporation

Middle East LNG capacity additions through new terminal constructions and existing terminal expansions are provided.

For all existing and planned terminals, details including location, operator, ownership, capacity, start up, capex and technology are provided

Current status (construction/FID/contracts/other) of all planned liquefaction and regasification terminals in Middle East is provided

All latest developments in each of the Middle East LNG markets over the past two years are analyzed and their impact on Middle Eastern LNG companies is detailed

Reasons to purchase

The report enables you to:

Understand the key drivers of Middle East LNG market growth along with all major trends

Identify the opportunities of investing in the region and contracting with the LNG exporters

Get complete understanding of current and future market of gas & LNG in the post recession economic conditions

Frame your contracts through details of existing contracts and information on of available LNG capacity

Formulate best pricing strategies using the monthly price information of all Middle Eastern LNG exporters

Compare your strategies with the leading LNG companies' mid term and long term strategies

Frame best liquefaction technologies through technology information of existing and planned terminals

Estimate Middle Eastern LNG supply stability through forecasts of capacity, exports and gas production to 2020

Contents

1 TABLE OF CONTENTS

- 1.1 List of Tables
- 1.2 List of Figures

2 EXECUTIVE SUMMARY

- 2.1 Impact of Current Global LNG Surplus Scenario on Middle East Exports
 - 2.1.1 Low demand from OECD Europe and America to Continue to 2014
 - 2.1.2 Global LNG Demand Short Term Outlook
 - 2.1.3 Amidst low demand Conditions and competition from Africa, new Supply Projects are likely to witness delays
- 2.2 Middle East LNG Exports to Increase by 52% over the next decade
 - 2.2.1 Middle East Annual LNG Production Forecast, 2000- 2020
- 2.3 Iran, Iraq, Bahrain and Israel Offer new LNG Construction and Contract Opportunities
 - 2.3.1 Middle East Planned LNG Projects and Investments, 2011- 2015
- 2.4 Middle East Exporters Generate over 6% of their GDP Earnings through LNG exports on Average
 - 2.4.1 Middle East LNG Sales Revenues by Country, 2010
- 2.5 Over 21% of Middle East Gas Exports are made through LNG tankers
- 2.6 Low Gas Supply Costs and Technological Advantages Lead to lower LNG Production Costs for Middle East Exporters
- 2.7 Unlike Asia Pacific, Middle East Exporters Prefer Sales to Diversified Markets
- 2.8 Qatar Petroleum and Exxon Mobil Corporation Dominate the Middle East LNG Industry
- 2.9 Over 80% of Middle East LNG Export Capacity is contracted under Long and Medium Term Contracts
- 2.10 Power generation, Industry Sector and Feedstock Usage to Drive Regasification Industry Growth
- 2.11 Despite Fourth Largest Gas Reserves, Saudi Arabia Continues to Struggle to meet its Domestic demand

3 MIDDLE EAST LNG TRENDS AND DRIVERS

- 3.1 Industry Snapshot
 - 3.1.1 Reserves and Production

- 3.1.2 Liquefaction Capacity and Terminals
- 3.1.3 Actual LNG Trade (Exports)
- 3.1.4 Market Structure
- 3.1.5 Regasification Front
- 3.2 Middle East to witness the largest natural gas production growth globally in the next decade
 - 3.2.1 Natural Gas Production in Middle East to Stand at 610.7 Bcm in 2020
- 3.3 Middle East LNG Exports Peaked in November at 7.54 million tonnes
 - 3.3.1 Middle East Monthly LNG Exports by Region, 2000- 2010
- 3.4 Driven by Investments in LNG, Middle East Oil and Gas Capital Expenditure will stand at \$224 billion in 2011
- 3.5 LNG Projects in Middle East to be developed in joint ventures with International Oil Companies
- 3.6 Iraq plans new LNG terminal to monetize its Vented Natural Gas
- 3.7 Middle East LNG export Prices stood at \$8.68/MMBtu during 2010
- 3.8 North Field Moratorium and Increasing domestic demand Restrain New Project Developments in Qatar
- 3.9 Yemen Sells its LNG at Cheapest Prices globally due to Low priced Long term contracts
- 3.10 Despite Low Gas Production, Low domestic demand Encourages Rise in Oman LNG exports

4 MIDDLE EAST LNG CONSTRUCTION AND CONTRACTING OPPORTUNITIES

- 4.1 Middle East LNG Capital Expenditure Forecasts by Country, 2010- 2015
- 4.2 Iran and Iraq Plan Construction of New Liquefaction Terminals by 2015
- 4.3 Israel looking for Construction Contractor for its \$400 million LNG plant
- 4.4 I.M. Skaugen SE to Operate the Bahrain LNG terminal
- 4.5 Middle East Countries Open their LNG industries for multi-national Companies
- 4.6 Middle East LNG Market Structure, 2010
- 4.7 Over 19% of Middle East LNG Capacity is Available for Contracting
- 4.8 United Arab Emirates and Qatar have the Largest Percentage of Non- Contracted Capacity in the Region
- 4.9 Middle East Countries Generate the Largest LNG Revenues Globally
- 4.10 Middle East Sells over 20% of their Production in Spot and Short Term Markets

5 MIDDLE EAST LNG TRADE PATTERNS AND OUTLOOK TO 2020

- 5.1 Shifting Global LNG Trade Patterns

- 5.2 Middle East LNG Production Forecast by Country, 2000- 2020
- 5.3 Middle East LNG Demand Forecast by Country, 2000- 2020
- 5.4 Proven Natural Gas Reserves by Country, 2000- 2010
- 5.5 Middle East LNG Export Patterns, 2010
- 5.6 Middle East Monthly LNG Exports by Region, 2010

6 MIDDLE EAST MONTHLY LNG QUANTITIES BY COUNTRY

- 6.1 Middle East Exports Largest Volume of LNG in the World
- 6.2 Middle East Exports Peaked in November at 7.54 million tonnes
- 6.3 Qatar Continues to be the Largest LNG Exporter in Middle East
- 6.4 Asia Pacific Imports the Maximum Volume of LNG from Middle East
- 6.5 Japan, South Korea and United Kingdom Provide Maximum Revenues for Middle East Exporters
- 6.6 Qatar Monthly LNG Trade by Importing Country, January 2010- December 2010
- 6.7 Oman Monthly LNG Trade by Importing Country, January 2010- December 2010
- 6.8 Yemen Monthly LNG Trade by Importing Country, January 2010- December 2010
- 6.9 United Arab Emirates Monthly LNG Trade by Importing/Exporting Country, January 2010- December 2010
- 6.10 Kuwait Monthly LNG Trade by Supplying Country, January 2010- December 2010

7 MIDDLE EAST MONTHLY AVERAGE LNG PRICES BY COUNTRY

- 7.1 Middle East LNG Export Prices Higher than Global Average in 2010
- 7.2 Middle East Countries Sell Around 20% of their Production in Spot and Short Term Markets
- 7.3 Middle East LNG was Available Cheaply During January and February in 2010
- 7.4 Kuwait Increasing Its LNG Imports to Meet its Summer Demand
- 7.5 Renewed Demand in Asia Pacific Boost Middle East LNG Prices
- 7.6 Qatar Monthly LNG Export Prices by Importing Country, January 2010- December 2010
- 7.7 Oman Monthly LNG Export Prices by Importing Country, January 2010- December 2010
- 7.8 Yemen Monthly LNG Export Prices by Importing Country, January 2010- December 2010
- 7.9 United Arab Emirates Monthly LNG Export and Import Prices by Country, January 2010- December 2010
 - 7.9.1 Monthly LNG Import Prices
 - 7.9.2 Monthly LNG Export Prices

7.10 Kuwait Monthly LNG Import Prices by Supplying Country, January 2010-December 2010

8 MIDDLE EAST LNG SALE PURCHASE AGREEMENTS

- 8.1 Middle East Supply Contracts are mostly Free-On-Board based
- 8.2 Middle East LNG Contracted Capacities by Country, 2000- 2020
- 8.3 Middle East LNG Available Capacities for Contract by Country, 2000- 2020
- 8.4 Qatar LNG Contract Agreements- Long and Medium Term SPAs
- 8.5 Oman LNG Contract Agreements- Long and Medium Term SPAs
- 8.6 Yemen LNG Contract Agreements- Long and Medium Term SPAs
- 8.7 United Arab Emirates LNG Contract Agreements- Long and Medium Term SPAs

9 MIDDLE EAST LNG COMPANIES- BUSINESS AND LNG PROFILES

- 9.1 Company Profile of Qatar Petroleum
 - 9.1.1 Qatar Petroleum Overview
 - 9.1.2 Qatar Petroleum LNG Operations by Country
 - 9.1.3 Qatar Petroleum weighted Liquefaction Capacity by Terminal
 - 9.1.4 Qatar Petroleum Contact Information
- 9.2 Company Profile of Exxon Mobil Corporation
 - 9.2.1 Exxon Mobil Corporation Overview
 - 9.2.2 Exxon Mobil Corporation LNG Operations by Country
 - 9.2.3 Exxon Mobil Corporation weighted Liquefaction Capacity by Terminal
 - 9.2.4 Exxon Mobil Corporation Contact Information
- 9.3 Company Profile of Total SA
 - 9.3.1 Total SA Overview
 - 9.3.2 Total SA LNG Operations by Country
 - 9.3.3 Total SA weighted Liquefaction Capacity by Terminal
 - 9.3.4 Total SA Contact Information
- 9.4 Company Profile of Royal Dutch Shell Plc
 - 9.4.1 Royal Dutch Shell Plc Overview
 - 9.4.2 Royal Dutch Shell Plc LNG Operations by Country
 - 9.4.3 Royal Dutch Shell Plc weighted Liquefaction Capacity by Terminal
 - 9.4.4 Royal Dutch Shell Plc Contact Information
- 9.5 Company Profile of Yemen Gas Company
 - 9.5.1 Yemen Gas Company Overview
 - 9.5.2 Yemen Gas Company LNG Operations by Country
 - 9.5.3 Yemen Gas Company weighted Liquefaction Capacity by Terminal

- 9.5.4 Yemen Gas Company Contact Information
- 9.6 Company Profile of Kuwait National Petroleum Corporation
 - 9.6.1 Kuwait National Petroleum Corporation Overview
 - 9.6.2 Kuwait National Petroleum Corporation LNG Operations by Country
 - 9.6.3 Kuwait National Petroleum Corporation weighted Regasification Capacity by Terminal
 - 9.6.4 Kuwait National Petroleum Corporation Contact Information

10 MIDDLE EAST LNG COMPANIES- CAPACITY ADDITIONS AND UPDATES

- 10.1 LNG Capacity Additions through Commencement of New Terminals
- 10.2 Qatar LNG Terminal Details
- 10.3 Oman LNG Terminal Details
- 10.4 Yemen LNG Terminal Details
- 10.5 United Arab Emirates LNG Terminal Details
- 10.6 Kuwait LNG Terminal Details
- 10.7 Iran LNG Terminal Details
- 10.8 Iraq LNG Terminal Details
- 10.9 Bahrain LNG Terminal Details
- 10.10 Israel LNG Terminal Details

11 MIDDLE EAST LNG INDUSTRY DEVELOPMENTS, 2010- 2011

- 11.1 Qatar's Rasgas renews LNG deal with French EDF – Oct 30, 2011
- 11.2 China May Invest in Iran LNG Plant Construction, Official – Oct 29, 2011
- 11.3 India, Qatar disagree on pricing of LNG – Oct 29, 2011
- 11.4 Qatar's gas income exceeds oil revenue – Oct 28, 2011
- 11.5 \$800m Bahrain LNG terminal on way – Oct 26, 2011
- 11.6 Yemen LNG fixes feed line, readies for restart – Oct 25, 2011
- 11.7 BP to invest heavily in Oman's gas sector – Oct 24, 2011
- 11.8 Israel eyes LNG deal with Qatar – Oct 21, 2011
- 11.9 Qatar to ship record 8.3M tons of LNG to South Korea – Oct 18, 2011
- 11.10 Yemen LNG Plant Production Halted After Gas Pipeline Attack – Oct 15, 2011
- 11.11 Final decision on Oman gas project in 2013: BP – Oct 11, 2011
- 11.12 Middle East LNG Demand May Grow Tenfold: Official of Gazprom – Oct 4, 2011
- 11.13 Kuwait extends LNG imports into Nov: KPC – Oct 4, 2011
- 11.14 Rasgas plans seven plant shutdowns in 2012 – Oct 3, 2011
- 11.15 Iraq aims to become LNG leader – Sep 6, 2011
- 11.16 Europe's gas markets face tight start to winter – Aug 30, 2011

- 11.17 Israel's National Planning Council approves floating LNG terminal plan – Aug 3, 2011
- 11.18 PLN delays plan to import LNG from Middle East – Jul 30, 2011
- 11.19 First Bahrain LNG Output Could Start by 2014 End – July 5, 2011
- 11.20 Israel readies LNG terminal to cover gas supply gap – June 22, 2011
- 11.21 India in talks with Indonesia, Kuwait for LNG supply – Apr 19, 2011
- 11.22 Kuwait eyes LNG project Down Under – Apr 7, 2011

12 APPENDIX

- 12.1 Abbreviations
- 12.2 LNG Conversions
- 12.3 LNG Pricing
- 12.4 Sources and Methodology
- 12.5 About LNGReports
- 12.6 Disclaimer
