Abstracts

This market research report examines the foreign trade of Switzerland and its perspectives on the global market for carbon dioxide.

The report will be of considerable interest primarily to relevant strategic planners, senior company officials and importers/exporters, since it features invaluable information on carbon dioxide export/import operations in Switzerland. The 2011-2021 period is covered, with more emphasis on foreign trade in 2021.

The report studies how Switzerland behaves on the global market for carbon dioxide. It also assesses the dynamics of country's foreign trade in carbon dioxide in 2011-2021. The report indicates major suppliers and consumers of carbon dioxide in Switzerland. The final chapter provides in-depth analysis of prospects for the country's foreign trade in carbon dioxide, as well the forecast for the development of the market for carbon dioxide up to 2026. Such parameters as trade value ($) and net weight (kg) are used in the analysis. We present average price forecast for carbon dioxide.

More than 10 tables and diagrams comprise data on foreign trade in over 100 countries.
