Based on industry, the global business intelligence market is studied across aerospace & defense, banking, financial services & insurance, consumer goods & retail, education, energy & utilities, government, healthcare & life sciences, information technology, manufacturing, media & entertainment, telecommunication, transportation & logistics, and travel & hospitality. Based on geography, the global business intelligence market is studied across Americas, Europe, Middle East & Africa, and Asia-Pacific.

The report features a competitive scenario of the business intelligence market and provides inclusive analysis of key growth strategies adopted by major players. Key products profiled in the study are Alteryx Analytics, Amazon QuickSight, BOARD, Bime, Birst Platform, Datameer, Datawatch Monarch, IBM Cognos Analytics, Information Builders WebFOCUS, and Kofax Analytics.

REPORT HIGHLIGHTS:

The report provides deep insights on demand forecasts, market trends and micro and macro indicators. In addition, this report provides insights on the factors that are driving and restraining the demand of business intelligence market. Moreover, the study highlights current market trends and provides forecast. We also have highlighted future trends in the business intelligence market that will impact the demand during the forecast period. Moreover, the competitive analysis of business intelligence market brings an insight on the product usability profiles of the leading players. Additionally, the analysis highlights features & pricing, informant reviews of the key products in the market.

REASONS TO BUY:

The business intelligence market research study reveals hidden insights and dynamic, which in turn helps the players in the ecosystem take better strategic decisions. The firms looking for purchasing the global business intelligence market research report could look for following prospects on their way to better understand the market that can aid further decision making and possibly identify the best opportunities to exploit.

Evaluate the qualitative and quantitative aspects of the report and analyze the business intelligence market penetration with respect to industries and geographies.

Evaluate the key vendors in the business intelligence market in terms of products satisfaction and business strategy. This helps identify consumer preferences and understand its current position in 360iResearch FPNV Positioning Matrix.

Evaluates the key vendors and deeply analyze competitive landscape, revenue pockets, market trends, growth prospects, pain points, drivers, restraints, challenges and opportunities of the business intelligence market.
