## Abstracts

The Global Face Recognition Market is expected to grow from USD 2,956.15 Million in 2018 to USD 9,523.15 Million by the end of 2025 at a Compound Annual Growth Rate (CAGR) of 18.18%.

'NEC Corporation, Cognitec Systems GmbH, and Gemalto NV are placed in forefront due to their excellence in business strategy and product satisfaction'

The positioning of the Global Face Recognition Market vendors in FPNV Positioning Matrix are determined by Business Strategy (Business Growth, Industry Coverage, Financial Viability, and Channel Support) and Product Satisfaction (Value for Money, Ease of Use, Product Features, and Customer Support) and placed into four quadrants (F: Forefront, P: Pathfinders, N: Niche, and V: Vital).

The report deeply explores the recent significant developments by the leading vendors and innovation profiles in the Global Face Recognition Market including are Aware, Inc., Ayonix Corporation, Cognitec Systems GmbH, Gemalto NV, NEC Corporation, Animetrics, Daon, Id3 Technologies, Idemia, Innovatrics, Megvii, Neurotechnology, NVISO SA, StereoVision Imaging, Inc., and Techno Brain Group.

On the basis of Services, the Global Face Recognition Market is studied across Cloud-based Facial Recognition Services and Training and Consulting Services.

On the basis of Technology, the Global Face Recognition Market is studied across 2D Facial Recognition, 3D Facial Recognition, and Facial Analytics Recognition.

On the basis of Vertical, the Global Face Recognition Market is studied across Automotive, BFSI, Education, Energy and Utilities, Government and Defense, Healthcare, Manufacturing, Retail and eCommerce, and Telecom.

On the basis of Application, the Global Face Recognition Market is studied across Access Control, Attendance Tracking and Monitoring, Emotion Recognition, Law Enforcement, Robotics, and eLearning.

For the detailed coverage of the study, the market has been geographically divided into the Americas, Asia-Pacific, and Europe, Middle East & Africa. The report provides details of qualitative and quantitative insights about the major countries in the region and taps the major regional developments in detail.

In the report, we have covered two proprietary models, the FPNV Positioning Matrix and Competitive Strategic Window. The FPNV Positioning Matrix analyses the competitive market place for the players in terms of product satisfaction and business strategy they adopt to sustain in the market. The Competitive Strategic Window analyses the competitive landscape in terms of markets, applications, and geographies. The Competitive Strategic Window helps the vendor define an alignment or fit between their capabilities and opportunities for future growth prospects. During a forecast period, it defines the optimal or favorable fit for the vendors to adopt successive merger and acquisitions strategies, geography expansion, research & development, new product introduction strategies to execute further business expansion and growth.

Research Methodology:

Our market forecasting is based on a market model derived from market connectivity, dynamics, and identified influential factors around which assumptions about the market are made. These assumptions are enlightened by fact-bases, put by primary and secondary research instruments, regressive analysis and an extensive connect with industry people. Market forecasting derived from in-depth understanding attained from future market spending patterns provides quantified insight to support your decision-making process. The interview is recorded, and the information gathered in put on the drawing board with the information collected through secondary research.

The report provides insights on the following pointers:
1. Market Penetration: Provides comprehensive information on sulfuric acid offered by the key players in the Global Face Recognition Market
2. Product Development & Innovation: Provides intelligent insights on future

technologies, R&D activities, and new product developments in the Global Face Recognition Market
3. Market Development: Provides in-depth information about lucrative emerging markets and analyzes the markets for the Global Face Recognition Market
4. Market Diversification: Provides detailed information about new products launches, untapped geographies, recent developments, and investments in the Global Face Recognition Market
5. Competitive Assessment & Intelligence: Provides an exhaustive assessment of market shares, strategies, products, and manufacturing capabilities of the leading players in the Global Face Recognition Market

The report answers questions such as:
1. What is the market size of Face Recognition market in the Global?
2. What are the factors that affect the growth in the Global Face Recognition Market over the forecast period?
3. What is the competitive position in the Global Face Recognition Market?
4. Which are the best product areas to be invested in over the forecast period in the Global Face Recognition Market?
5. What are the opportunities in the Global Face Recognition Market?
6. What are the modes of entering the Global Face Recognition Market?
