## **Abstracts**

### **SUMMARY**

Home Appliance is electrical/mechanical machine which accomplish some household functions, such as cooking or cleaning. Home appliances can be classified into: major appliances, small appliances, and consumer electronics. This division is also noticeable in the maintenance and repair of these kinds of products. Major appliances usually require high technical knowledge and skills. They get more complex with time, such as going from a soldering iron to a hot-air soldering station. While consumer electronics may need more practical skills and "brute force" to manipulate the devices and heavy tools required to repair them.
