SUMMARY

Buttercream Frosting is fantastic for use as a base for cupcakes or cakes due to its soft, creamy texture and taste. Buttercream icing is often used because of its smooth texture but it has other uses as well. It can also be used for more ornate decorations or writing. With the addition of extra liquid, buttercream icing can be used for writing. Add some confectioners' sugar to stiffen to use for piping roses or to add textured designs. Buttercream icing is great for functions where allergies are a concern as this icing does not contain eggs.
