Abstracts

The global open banking market accounted for \$7,295million in 2018, and is expected to reach \$43,152million by 2026, registering a CAGR of 24.4% from 2019 to 2026.

Open banking is a banking service in which the bank account data is shared through secured open Application Programming Interface (APIs) to third-party services providers. These APIs deliver a secure way to share financial information between two parties. Furthermore, this financial information is used by banks and third party organizations to design applications and services which are offered to the customer. The exchanged information also allows the designing of more advanced and personalized applications which improve the customer experience levels related to financial services. Furthermore, open banking platform makes it easier for consumers to compare the details of current accounts and other banking services. In addition, the advanced applications will potentially assist consumers such as small and medium businesses in making financial decisions.

The major factor which contribute to the growth of open banking market include increase in the number of people using new wave apps and services. In addition, rise in customer engagement and attending banking customers need quickly boost the growth of the open banking market. Furthermore, the rise in advantages of an open banking platform that makes beneficial to all stakeholders in the financial services industry

includes consumers, businesses, Fintech's, innovators, and banks. This is an important factor that fosters the growth of the open banking market. However, an increase in events of online fraud and data insecurity is expected to restrict the open banking market growth. On the contrary, significant increases in the collaboration of financial service providers, and traditional banking with Fintech is an expected opportunity to boost growth of the open banking market.

The global open banking market is studied on the basis of financial services, distribution channel, and region. By financial services, the market is divided into bank & capital market, payments, digital currencies, and others. As per distribution channel, it is divided into bank channels, app market, distributors, and aggregators. In-depth analysis of the open banking market is provided for North America (U.S., Canada, and Mexico), Europe, (UK, Germany, Netherlands, Spain, and Rest of Europe) Asia-Pacific & LATAM (China, Singapore, Australia, Hong Kong, and Rest of Asia-Pacific & LATAM).

KEY BENEFITS FOR STAKEHOLDERS

This report entails a detailed quantitative analysis along with the current global open banking market trends from 2019 to 2026 to identify the prevailing opportunities along with the strategic assessments.

The market size and estimations are based on a comprehensive analysis of key developments in the industry.

A qualitative analysis based on innovative products facilitates strategic business planning.

The development strategies adopted by the key market players are enlisted to understand the competitive scenario of the market.

Key Market Segments

By Financial Services

Banking & Capital Markets

Payments

Digital Currencies

Value Added Services

By Distribution channel

Bank Channel

App market

Distributors

Aggregators

By Region

North America

U.S.

Canada

Mexico

Europe

UK

Germany

Netherlands

Spain

Rest of Europe

Asia-Pacific

China

Singapore

Australia

Hong Kong

Rest of Asia-Pacific and LATAM

List of key players profiled in the report:

BBVA Open Platform Inc.

Credit Agricole

DemystData

Figo GmbH

Finastra

FormFree

Jack Henry & Associates, Inc.

Mambu GmbH

MineralTree Inc.

NCR Corporation

Contents

CHAPTER 1: INTRODUCTION

- 1.1. Report description
- 1.2. Key benefits for stakeholders
- 1.3. Key market segments
- 1.4. List of key players profiled in the report
- 1.5. Research methodology
- Secondary research
- Primary research
- Analyst tools & models

CHAPTER 2: EXECUTIVE SUMMARY

- 2.1. Key findings of the study
- 2.2. CXO perspective

CHAPTER 3: MARKET OVERVIEW

- 3.1. Market definition and scope
- 3.2. Market evolution
- 3.3. Market dynamics
- Drivers
 - 3.3.1.1. Potential benefits of open banking
 - 3.3.1.2. Increase in adoption of new applications and services
 - 3.3.1.3. Improved overall customer engagement with open banking API's
 - 3.3.1.4. Favorable government regulations
- Restraint
 - 3.3.1.5. Lack of awareness around open banking, data security and managing threats related to security
- Opportunity
 - 3.3.1.6. Increase in collaborations between banks and Fintech firms

CHAPTER 4: OPEN BANKING MARKET, FINANCIAL SERVICES

- 4.1. Overview
 - Market size and forecast
- 4.2. Banking & Capital Markets

Key market trends and opportunities

Market size and forecast

Market analysis, by country

4.3. Payments

Key market trends and opportunities

Market size and forecast

Market analysis, by country

4.4. Digital Currencies

Key market trends and opportunities

Market size and forecast

Market analysis, by country

4.5. Value Added Services

Key market trends and opportunities

Market size and forecast

Market analysis, by country

CHAPTER 5: OPEN BANKING MARKET, BY DISTRIBUTION CHANNEL

5.1. Overview

Market size and forecast

5.2. Bank Channel

Market size and forecast

Market analysis, by country

5.3. App market

Market size and forecast

Market analysis, by country

5.4. Distributors

Market size and forecast

Market analysis, by country

5.5. Aggregators

Market size and forecast

Market analysis, by country

CHAPTER 6: OPEN BANKING MARKET, BY REGION

6.1. Overview

Market analysis, by country

6.2. North America

Key market trends and opportunities

North America market size and forecast, by financial services

North America market size and forecast, by distribution channel

North America market size and forecast, by country

6.2.1.1. U.S. market size and forecast, by financial services

6.2.1.2. U.S. market size and forecast, by distribution channel

6.2.1.4. Canada market size and forecast, by financial services

6.2.1.5. Canada market size and forecast, by distribution channel

6.2.1.6.

6.3. Europe

Key market trends and opportunities

Europe market size and forecast, by financial services

Europe market size and forecast, by distribution channel

Europe market size and forecast, by country

6.3.1.1. UK market size and forecast, by financial service

6.3.1.2. UK market size and forecast, by distribution channel

6.3.1.3. Germany market size and forecast, by financial services

6.3.1.4. Germany market size and forecast, by distribution channel

6.3.1.5. The Netherlands market size and forecast, by financial services

6.3.1.6. Netherlands market size and forecast, by distribution channel

6.3.1.7. Spain market size and forecast, by financial services

6.3.1.8. Spain market size and forecast, by distribution channel

6.3.1.9. Rest of Europe market size and forecast, by financial services

6.3.1.10. Rest of Europe market size and forecast, by distribution channel

6.4. Asia-Pacific and LATAM

Key market trends and opportunities

Asia-Pacific market size and forecast, by financial services

Asia-Pacific market size and forecast, by distribution channel

Asia-Pacific market size and forecast, by country

6.4.1.1. China market size and forecast, by financial services

6.4.1.2. China market size and forecast, by distribution channel

6.4.1.3. Singapore market size and forecast, by financial services

6.4.1.4. Singapore market size and forecast, by distribution channel

6.4.1.6. Australia market size and forecast, by financial service

6.4.1.7. Australia market size and forecast, by distribution channel

6.4.1.8. Hong Kong market size and forecast, by financial service

6.4.1.9. Hong Kong market size and forecast, by distribution channel

6.4.1.10. Rest of Asia-Pacific and LATAM market size and forecast, by financial services

6.4.1.11. Rest of Asia-Pacific and LATAM market size and forecast, by distribution
