Abstracts

The report titled “China Electronic Security Market Outlook to 2019 - Public Infrastructure Spending and Innovations to Drive the Future” provides a comprehensive analysis of the various aspects of electronic security market such as market size of the China electronic security market, video surveillance systems market, fire alarm systems market, access control systems market and intrusion detection systems market. The segmentation has been thoroughly covered in the report by transmission and demand from end users for each product category considered in the report. The report also covers the market shares and revenues of major companies in the China electronic security market. It also covers the future outlook and projections, which have been analyzed on the macroeconomic factors that have a direct bearing on the market.

The electronic security market in China has grown tremendously over the last few years, on the grounds of increasing number of criminal and terrorist activities that has stimulated the need for surveillance at public places, commercial buildings, banks and financial institutions. The electronic security market in China has grown at a promising CAGR of ~% during the period 2009-2014. The electronic security market in China recorded revenue worth USD ~ million in 2009, thus amounted to USD ~ million in 2014.

Video surveillance system has been the largest product category which has commanded a largest share of ~% in the total revenue generated by the China electronic security market during 2014. The total market size of video surveillance systems in revenue terms was evaluated at USD ~ million in 2009 and has grown to USD ~ million in 2014. Fire alarm systems on the other hand have occupied the second-largest share in the Chinese electronics security market and thus have registered a contribution of ~% during 2014. Access control systems have been the third largest

segment in the overall electronic security equipment market, recording revenue of USD ~ million in 2014. Intrusion alarms have occupied the smallest share in the China electronic security market and have registered a contribution of ~% during 2014.

The competitive landscape of video surveillance market is marked by the presence of many local and international players along with several numbers of small establishments. The three leading companies in the market include Hikvision Digital Technology Company Limited, Dahua Technology Company Limited and Zhejiang Uniview Technology. Hikvision recorded revenue of USD ~ million in 2014, making it the largest player in the China electronic security market space. Dahua was the second largest player in the China electronic security market in 2014. Uniview generated revenues of USD ~ million through production of video surveillance systems in 2014.

The electronic security market in China is expected to grow at a healthy pace owing to surge in demand from various industry verticals as well as due to the growing awareness among the domestic population. Increasing incidents of crime, terror and burglary are driving the need to install efficient security systems. Additionally, the wide publicity by media and government about the advantages of electronic security systems is further anticipated to support the growth of the market in the near future. The electronic security market in China is anticipated to rise from USD ~ million in 2014 to USD ~ million in 2019 at a CAGR of ~%.

Key Topics Covered in the Report:

The market size of the China electronic security market.

The market size of the China residential electronic security market.

The market size of the China non-residential electronic security market.

The market size of the video surveillance systems market.

The market size of the fire alarm systems market.

The market size of the access control systems market.

The market size of the intrusion detection systems market.

Market segmentation of the electronic security systems market by market

structure, type of products and end-user markets.

Market segmentation of the residential electronic security systems market by type of products.

Market segmentation of the non-residential electronic security systems market by type of products.

Market segmentation of the video surveillance systems market by technology, end-users and by domestic and foreign players.

Market segmentation of the fire alarm systems by end-users.

Market segmentation of the access control systems market by technology and demand from end-users.

Market segmentation of the intrusion detection systems market by transmission and demand from end-users.

Trends and Development in the video surveillance systems market.

Trends and Development in the fire alarm systems market.

Trends and Development in the access control systems market.

Trends and Development in the intrusion detection systems market.

Government Regulations in the China electronic security market.

Growth Drivers and Restraints in the China electronic security market.

SWOT analysis of China electronic security market.

Detailed company profiles of the major companies in the China electronic security market.

Future outlook and projections of the electronic security market, on the basis of revenues in China.

Contents

1. CHINA ELECTRONIC SECURITY MARKET INTRODUCTION

- 1.1. China Electronic Security Market Value Chain Analysis
- 1.2. China Electronic Security Industry Market Size by Revenues, 2009-2014
- 1.3. China Electronic Security Market Segmentation, 2009-2014
 - 1.3.1. By Market Structure: Organized and Unorganized Players, 2014
 - 1.3.2. By Type of Products (Video Surveillance, Fire Alarm, Access Control, Intrusion Detection), 2009- 2014
 - 1.3.3. By Demand from End Users (Government, Commercial Buildings, Banks, Hotels and Industries, Residential and Others), 2014
- 1.4. China Residential Electronic Security Market Introduction
 - 1.4.1. China Residential Electronic Security Market Size by Revenues, 2009-2014
 - 1.4.2. China Residential Electronic Security Market Segmentation by Type of Products (Video Surveillance, Fire Alarm, Access Control, Intrusion Detection), 2009-2014
 - 1.4.3. China Residential Electronic Security Market Future Outlook and Projections, 2015-2019
- 1.5. China Non-Residential Electronic Security Market Introduction
 - Government Procurement Process
 - 1.5.1. China Non-Residential Electronic Security Market Size by Revenues, 2009-2014
 - 1.5.2. China Non-Residential Electronic Security Market Segmentation by Type of Products (Video Surveillance, Fire Alarm, Access Control, Intrusion Detection), 2009-2014
 - 1.5.3. China Non-Residential Electronic Security Market Future Outlook and Projections, 2015-2019

2. CHINA VIDEO SURVEILLANCE SYSTEMS MARKET INTRODUCTION

- 2.1. China Video Surveillance Systems Market Size by Revenues, 2009-2014
- 2.2. China Video Surveillance Systems Market Segmentation
 - 2.2.1. By Technology (IP and Analog), 2012-2014
 - 2.2.2. By Demand from End Users (Government, Commercial Buildings, Hotel and Industries, Banking, Residential and Others), 2014
 - 2.2.3. By Domestic and Foreign Players, 2014
- 2.3. Market Share of Major Players in China Video Surveillance Systems Market, 2014
- 2.4. Trends and Developments for China Video Surveillance Systems Market
 - Increasing Adoption of HD CCTV Cameras
 - Increased Focus of IT Companies towards Video Surveillance Market

Video Surveillance-as-a-Service Leading Growth
Remote Video Surveillance Gaining Momentum
Improvements in Compression
Improvements in Storage Costs and Reliability
Leveraging Video Surveillance for Process Control
Increasing Focus on User Interface
Video Analytics Gaining Momentum

2.5. Brand Analysis of China Video Surveillance Systems Market

2.6. China Video Surveillance Market Future Outlook and Projections, 2015-2019

3. CHINA FIRE ALARM SYSTEMS MARKET INTRODUCTION

Growth Drivers of China Fire Alarm Systems Market

3.1. China Fire Alarm Systems Market Size by Revenues, 2009-2014

3.2. China Fire Alarm Systems Market Segmentation

3.2.1. By Demand from End Users (Government, Real Estate, Banks, Residential Buildings and Others), 2014

3.3. Market Share of Major Players in China Fire Alarms Systems Market, 2014

3.4. Trends and Developments in China Fire Alarm Systems Market

Growth of IP and GSM based Fire Alarms

Multi-Criteria/ Multi-Sensor Fire Detection

Leveraging Phase-in Technology

Increasing Popularity of Voice Alarms

3.5. Brand Analysis of China Fire Alarm Systems Market

3.6. China Fire Alarm Systems Market Future Outlook and Projections, 2015-2019

4. CHINA ACCESS CONTROL SYSTEMS MARKET INTRODUCTION

4.1. China Access Control Market Size by Revenues, 2009-2014

4.2. China Access Control Market Segmentation

4.2.1. By Technology (Card-based Access Control, Biometrics, PIN based Access Control), 2014

4.2.2. By Demand from End-Users (non-Residential and Residential), 2014

4.3. Market Share of Major Players in China Access Control Market, 2014

4.4. Trends and Developments in China Access Control Market

Increasing Adoption of Biometric Technology

Growth of Mobile Credentialing Management

Increased Convergence between Physical and Logical Access

4.5. Brand Analysis of China Access Control Systems Market

4.6. China Access Control Market Future Outlook and Projections, 2015-2019

5. CHINA INTRUSION DETECTION SYSTEM MARKET INTRODUCTION

5.1. China Intrusion Detection Systems Market Size by Revenues, 2009-2014

5.2. China Intrusion Detection Systems Market Segmentation

5.2.1. By Demand from End-Users (Residential and Non-Residential), 2014

5.2.2. By Transmission (Motion Sensors, Infrared Beam Sensors, Seismic Detectors), 2014

5.3. China Intrusion Detection Systems Market Trends and Developments

Emergence of Wireless Intrusion Alarm Systems

Increasing Adoption of IP-Based Communications

Increasing Use of Integrated Intrusion Detection Systems

Increased Adoption of Mobile Access Control

Continued Migration of Intelligence to the Door

Visitor Management Systems to Move beyond Traditional Applications

5.4. Brand Analysis of China Intrusion Detection Systems Market

5.5. China Intrusion Detection Systems Market Future Outlook and Projections, 2015-2019

6. SNAPSHOT OF CHINA ELECTRONIC SECURITY MARKET BY END USERS, MAJOR PLAYERS, HISTORIC CAGR AND FUTURE POTENTIAL

7. MAJOR DISTRIBUTORS IN CHINA ELECTRONIC SECURITY MARKET

8. CHINA ELECTRONIC SECURITY MARKET EXTERNAL TRADE

8.1. By Exports, 2009-2014

8.1.1. By Value, 2009-2014

8.1.2. By Volume, 2009-2014

8.2. By Imports, 2009-2014

8.2.1. By Value, 2009-2014

8.2.2. By Volume, 2009-2014

9. GOVERNMENT REGULATIONS IN CHINA ELECTRONIC SECURITY MARKET

Applicable Code for Video Surveillance Products in China

Applicable Standards for Fire Security Market in China

10. GROWTH DRIVERS AND RESTRAINTS IN CHINA ELECTRONIC SECURITY MARKET

10.1. Growth Drivers

- Rise in Income Levels
- Growing Demand from Residential Segment
- Growing Incidents of Criminal and Terrorist Activities
- Rapid Infrastructure Development

10.2. Growth Restraints

- Competition from Unorganized Sector
- Lack of Consumer Awareness and Non Standardization
- Inability to Adapt New Technology
- Lack of Stringent Intellectual Property Laws

11. SWOT ANALYSIS FOR CHINA ELECTRONIC SECURITY MARKET

12. MARKET SHARE OF MAJOR PLAYERS IN CHINA ELECTRONIC SECURITY MARKET, 2014

13. COMPANY PROFILES OF MAJOR PLAYERS IN CHINA ELECTRONIC SECURITY MARKET

13.1. Hangzhou Hikvision Digital Technology

- 13.1.1. Business Overview
- 13.1.2. Key Product Offerings
- 13.1.3. Financial Performance, 2011-2014
- 13.1.4. Business Strategies
 - Continuous Investments in R&D Activities
 - Expansion of Product Portfolio
 - Emphasis on Employee Efficiency
 - Achieving Economies of Scale

13.2. Dahua Technology

- 13.2.1. Business Overview
- 13.2.2. Key Product Offerings
- 13.2.3. Financial Performance, 2011-2014
- 13.2.4. Business Strategies
 - Emphasis on Technology Innovation
 - Focus on Geographic Expansion

13.3. Zhejiang Uniview Technology

- 13.3.1. Business Overview
- 13.3.2. Key Product Offerings
- 13.3.3. Business Strategies
 - Focus on International Expansion
 - Expansion of Product Portfolio
- 13.4. Honeywell China Co. Ltd.
 - 13.4.1. Business Overview
 - 13.4.2. Key Product Offerings
 - 13.4.3. Business Strategies
 - Buoyancy in Distribution Systems
 - Expansion of Product Portfolio
- 13.5. Bosch (Shanghai) Security & Communications Systems
 - 13.5.1. Business Overview
 - 13.5.2. Key Product Offerings
 - 13.5.3. Business Strategies
 - Effective Communication with Clients
 - Offering Customized Solutions

14. CHINA ELECTRONIC SECURITY MARKET FUTURE OUTLOOK AND PROJECTIONS, 2015-2019

Key Opportunities for the Future

- 14.1. Cause and Effect Relationship

15. ANALYST RECOMMENDATIONS

International Players in the China Electronic Security Market

Domestic Players in the China Electronic Security Market

Distributors and Dealers in China Electronic Security Market

Government's Role in China Electronic Security Market

16. MACRO ECONOMIC VARIABLES AFFECTING CHINA ELECTRONIC SECURITY MARKET

- 16.1. Urban Population in China, 2009-2019
- 16.2. Personal Disposable Income, 2009-2019
- 16.3. Real Estate Sector Market Size, 2009-2019
- 16.4. Sale of High End Apartments and Villas, 2009-2019
- 16.5. Hotel Rooms Supply in China, 2009-2019

16.6. Number of Criminal Activities, 2009-2019

17. APPENDIX

17.1. Market Definitions

17.2. Abbreviations

17.3. Research Methodology

Data Collection Methods

Approach

Variables (Dependent and Independent)

Final Conclusion

17.4. Disclaimer
