

2-(Bromomethyl)naphthalene Industry Research Report 2023

<https://marketpublishers.com/r/28C39AEF84F5EN.html>

Date: August 2023

Pages: 71

Price: US\$ 2,950.00 (Single User License)

ID: 28C39AEF84F5EN

Abstracts

2-(Bromomethyl)naphthalene, white or yellow crystalline powder, 2 - (bromomethyl) naphthalene is mainly used to synthesize 2-bromo-3-methyl-1,4-dimethoxynaphthalene, an important intermediate of vitamin K2, also can be employed as a starting material in the synthesis of 2-(fluoromethyl)naphthalene, 2-naphthylmethyl azide, 2-naphthalenecarboxaldehyde, diselenide, bis (2-naphthalenylmethyl)], etc.

Highlights

The global 2-(Bromomethyl)naphthalene market is projected to reach US\$ million by 2028 from an estimated US\$ million in 2022, at a CAGR of % during 2024 and 2029.

At present, the production countries of naphthalene series products are mainly concentrated in China, and there are few large-scale production enterprises in the world. China's finished product exports account for about 30% of total sales. China is the only region in the world that can supply 2-(Bromomethyl) naphthalene in large quantities.

The main manufacturers include Xingsheng Technology, Wujin Minghuang Chemical, Kunshan Nanfu Chemical and Norna Chemical, etc.

Segment by Type, the 2-(Bromomethyl) naphthalene can be split into ? 95% Purity and ? 98% Purity. In 2020, ? 98% Purity accounted for a major share of 70.90% the global market.

Segment by Application, the 2-(Bromomethyl) naphthalene market can be sub-segmented into several major Application, like Pharmaceutical Intermediates, Chemical

Industry, etc. The Pharmaceutical Intermediates holds an important share with nearly 70% of the market.

Report Scope

This report aims to provide a comprehensive presentation of the global market for 2-(Bromomethyl)naphthalene, with both quantitative and qualitative analysis, to help readers develop business/growth strategies, assess the market competitive situation, analyze their position in the current marketplace, and make informed business decisions regarding 2-(Bromomethyl)naphthalene.

The 2-(Bromomethyl)naphthalene market size, estimations, and forecasts are provided in terms of output/shipments (KG) and revenue (\$ millions), considering 2022 as the base year, with history and forecast data for the period from 2018 to 2029. This report segments the global 2-(Bromomethyl)naphthalene market comprehensively. Regional market sizes, concerning products by types, by application, and by players, are also provided. The influence of COVID-19 and the Russia-Ukraine War were considered while estimating market sizes.

For a more in-depth understanding of the market, the report provides profiles of the competitive landscape, key competitors, and their respective market ranks. The report also discusses technological trends and new product developments.

The report will help the 2-(Bromomethyl)naphthalene manufacturers, new entrants, and industry chain related companies in this market with information on the revenues, production, and average price for the overall market and the sub-segments across the different segments, by company, product type, application, and regions.

Key Companies & Market Share Insights

In this section, the readers will gain an understanding of the key players competing. This report has studied the key growth strategies, such as innovative trends and developments, intensification of product portfolio, mergers and acquisitions, collaborations, new product innovation, and geographical expansion, undertaken by these participants to maintain their presence. Apart from business strategies, the study includes current developments and key financials. The readers will also get access to the data related to global revenue, price, and sales by manufacturers for the period 2017-2022. This all-inclusive report will certainly serve the clients to stay updated and make effective decisions in their businesses. Some of the prominent players reviewed in

the research report include:

Xingsheng Technology

Wujin Minghuang Chemical

Norna Chemical

Kunshan Nanfu Chemical

Product Type Insights

Global markets are presented by 2-(Bromomethyl)naphthalene type, along with growth forecasts through 2029. Estimates on production and value are based on the price in the supply chain at which the 2-(Bromomethyl)naphthalene are procured by the manufacturers.

This report has studied every segment and provided the market size using historical data. They have also talked about the growth opportunities that the segment may pose in the future. This study bestows production and revenue data by type, and during the historical period (2018-2023) and forecast period (2024-2029).

2-(Bromomethyl)naphthalene segment by Type

above 98% Purity

above 95% Purity

Application Insights

This report has provided the market size (production and revenue data) by application, during the historical period (2018-2023) and forecast period (2024-2029).

This report also outlines the market trends of each segment and consumer behaviors impacting the 2-(Bromomethyl)naphthalene market and what implications these may have on the industry's future. This report can help to understand the relevant market and consumer trends that are driving the 2-(Bromomethyl)naphthalene market.

2-(Bromomethyl)naphthalene segment by Application

Pharmaceutical Intermediates

Chemical Industry

Other

Regional Outlook

This section of the report provides key insights regarding various regions and the key players operating in each region. Economic, social, environmental, technological, and political factors have been taken into consideration while assessing the growth of the particular region/country. The readers will also get their hands on the revenue and sales data of each region and country for the period 2018-2029.

The market has been segmented into various major geographies, including North America, Europe, Asia-Pacific, South America. Detailed analysis of major countries such as the USA, Germany, the U.K., Italy, France, China, Japan, South Korea, Southeast Asia, and India will be covered within the regional segment. For market estimates, data are going to be provided for 2022 because of the base year, with estimates for 2023 and forecast value for 2029.

Argentina

Key Drivers & Barriers

High-impact rendering factors and drivers have been studied in this report to aid the readers to understand the general development. Moreover, the report includes restraints and challenges that may act as stumbling blocks on the way of the players. This will assist the users to be attentive and make informed decisions related to

business. Specialists have also laid their focus on the upcoming business prospects.

COVID-19 and Russia-Ukraine War Influence Analysis

The readers in the section will understand how the 2-(Bromomethyl)naphthalene market scenario changed across the globe during the pandemic, post-pandemic and Russia-Ukraine War. The study is done keeping in view the changes in aspects such as demand, consumption, transportation, consumer behavior, supply chain management, export and import, and production. The industry experts have also highlighted the key factors that will help create opportunities for players and stabilize the overall industry in the years to come.

Reasons to Buy This Report

This report will help the readers to understand the competition within the industries and strategies for the competitive environment to enhance the potential profit. The report also focuses on the competitive landscape of the global 2-(Bromomethyl)naphthalene market, and introduces in detail the market share, industry ranking, competitor ecosystem, market performance, new product development, operation situation, expansion, and acquisition. etc. of the main players, which helps the readers to identify the main competitors and deeply understand the competition pattern of the market.

This report will help stakeholders to understand the global industry status and trends of 2-(Bromomethyl)naphthalene and provides them with information on key market drivers, restraints, challenges, and opportunities.

This report will help stakeholders to understand competitors better and gain more insights to strengthen their position in their businesses. The competitive landscape section includes the market share and rank (in volume and value), competitor ecosystem, new product development, expansion, and acquisition.

This report stays updated with novel technology integration, features, and the latest developments in the market

This report helps stakeholders to understand the COVID-19 and Russia-Ukraine War Influence on the 2-(Bromomethyl)naphthalene industry.

This report helps stakeholders to gain insights into which regions to target globally

This report helps stakeholders to gain insights into the end-user perception concerning the adoption of 2-(Bromomethyl)naphthalene.

This report helps stakeholders to identify some of the key players in the market and understand their valuable contribution.

Core Chapters

Chapter 1: Research objectives, research methods, data sources, data cross-validation;

Chapter 2: Introduces the report scope of the report, executive summary of different market segments (by region, product type, application, etc), including the market size of each market segment, future development potential, and so on. It offers a high-level view of the current state of the market and its likely evolution in the short to mid-term, and long term.

Chapter 3: Detailed analysis of 2-(Bromomethyl)naphthalene manufacturers competitive landscape, price, production and value market share, latest development plan, merger, and acquisition information, etc.

Chapter 4: Provides profiles of key players, introducing the basic situation of the main companies in the market in detail, including product production/output, value, price, gross margin, product introduction, recent development, etc.

Chapter 5: Production/output, value of 2-(Bromomethyl)naphthalene by region/country. It provides a quantitative analysis of the market size and development potential of each region in the next six years.

Chapter 6: Consumption of 2-(Bromomethyl)naphthalene in regional level and country level. It provides a quantitative analysis of the market size and development potential of each region and its main countries and introduces the market development, future development prospects, market space, and production of each country in the world.

Chapter 7: Provides the analysis of various market segments by type, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different market segments.

Chapter 8: Provides the analysis of various market segments by application, covering the market size and development potential of each market segment, to help readers find

the blue ocean market in different downstream markets.

Chapter 9: Analysis of industrial chain, including the upstream and downstream of the industry.

Chapter 10: Introduces the market dynamics, latest developments of the market, the driving factors and restrictive factors of the market, the challenges and risks faced by manufacturers in the industry, and the analysis of relevant policies in the industry.

Chapter 11: The main points and conclusions of the report.

Frequently Asked Questions

Which product segment grabbed the largest share in the Product Name market?

How is the competitive scenario of the Product Name market?

Which are the key factors aiding the Product Name market growth?

Which are the prominent players in the Product Name market?

Which region holds the maximum share in the Product Name market?

What will be the CAGR of the Product Name market during the forecast period?

Which application segment emerged as the leading segment in the Product Name market?

What key trends are likely to emerge in the Product Name market in the coming years?

What will be the Product Name market size by 2028?

Which company held the largest share in the Product Name market?
