Abstracts

Highlights

The global Computer-aided Translation Software market is projected to reach US$ million by 2029 from an estimated US$ million in 2023, at a CAGR of % during 2024 and 2029.

North American market for Computer-aided Translation Software is estimated to increase from $ million in 2023 to reach $ million by 2029, at a CAGR of % during the forecast period of 2024 through 2029.

Asia-Pacific market for Computer-aided Translation Software is estimated to increase from $ million in 2023 to reach $ million by 2029, at a CAGR of % during the forecast period of 2024 through 2029.

The major global companies of Computer-aided Translation Software include RWS Group, Across, Star Transit, Smartcat, TransPerfect, Lionbridge, LanguageWire, XTM Cloud and MemoQ, etc. In 2022, the world's top three vendors accounted for approximately % of the revenue.

The global market for Computer-aided Translation Software in Large Enterprises is estimated to increase from $ million in 2023 to $ million by 2029, at a CAGR of % during the forecast period of 2024 through 2029.

Considering the economic change due to COVID-19 and Russia-Ukraine War Influence, Subscription License, which accounted for % of the global market of Computer-aided Translation Software in 2022, is expected to reach million US$ by 2029, growing at a

revised CAGR of % from 2024 to 2029.

Report Scope

This report aims to provide a comprehensive presentation of the global market for Computer-aided Translation Software, with both quantitative and qualitative analysis, to help readers develop business/growth strategies, assess the market competitive situation, analyze their position in the current marketplace, and make informed business decisions regarding Computer-aided Translation Software.

The Computer-aided Translation Software market size, estimations, and forecasts are provided in terms of and revenue ($ millions), considering 2022 as the base year, with history and forecast data for the period from 2018 to 2029. This report segments the global Computer-aided Translation Software market comprehensively. Regional market sizes, concerning products by types, by application, and by players, are also provided. The influence of COVID-19 and the Russia-Ukraine War were considered while estimating market sizes.

For a more in-depth understanding of the market, the report provides profiles of the competitive landscape, key competitors, and their respective market ranks. The report also discusses technological trends and new product developments.

The report will help the Computer-aided Translation Software companies, new entrants, and industry chain related companies in this market with information on the revenues for the overall market and the sub-segments across the different segments, by company, product type, application, and regions.

Key Companies & Market Share Insights

In this section, the readers will gain an understanding of the key players competing. This report has studied the key growth strategies, such as innovative trends and developments, intensification of product portfolio, mergers and acquisitions, collaborations, new product innovation, and geographical expansion, undertaken by these participants to maintain their presence. Apart from business strategies, the study includes current developments and key financials. The readers will also get access to the data related to global revenue by companies for the period 2017-2022. This all-inclusive report will certainly serve the clients to stay updated and make effective decisions in their businesses. Some of the prominent players reviewed in the research report include:

Product Type Insights

Global markets are presented by Computer-aided Translation Software type, along with growth forecasts through 2029. Estimates on revenue are based on the price in the supply chain at which the Computer-aided Translation Software are procured by the companies.

This report has studied every segment and provided the market size using historical

Application Insights

This report has provided the market size (revenue data) by application, during the historical period (2018-2023) and forecast period (2024-2029).

This report also outlines the market trends of each segment and consumer behaviors impacting the Computer-aided Translation Software market and what implications these may have on the industry's future. This report can help to understand the relevant market and consumer trends that are driving the Computer-aided Translation Software market.

Regional Outlook

This section of the report provides key insights regarding various regions and the key players operating in each region. Economic, social, environmental, technological, and political factors have been taken into consideration while assessing the growth of the particular region/country. The readers will also get their hands on the revenue data of each region and country for the period 2018-2029.

Key Drivers & Barriers

High-impact rendering factors and drivers have been studied in this report to aid the readers to understand the general development. Moreover, the report includes restraints and challenges that may act as stumbling blocks on the way of the players. This will assist the users to be attentive and make informed decisions related to business. Specialists have also laid their focus on the upcoming business prospects.

COVID-19 and Russia-Ukraine War Influence Analysis

The readers in the section will understand how the Computer-aided Translation Software market scenario changed across the globe during the pandemic, post-pandemic and Russia-Ukraine War. The study is done keeping in view the changes in aspects such as demand, consumption, transportation, consumer behavior, supply

chain management. The industry experts have also highlighted the key factors that will help create opportunities for players and stabilize the overall industry in the years to come.

Reasons to Buy This Report

This report will help the readers to understand the competition within the industries and strategies for the competitive environment to enhance the potential profit. The report also focuses on the competitive landscape of the global Computer-aided Translation Software market, and introduces in detail the market share, industry ranking, competitor ecosystem, market performance, new product development, operation situation, expansion, and acquisition. etc. of the main players, which helps the readers to identify the main competitors and deeply understand the competition pattern of the market.

This report will help stakeholders to understand the global industry status and trends of Computer-aided Translation Software and provides them with information on key market drivers, restraints, challenges, and opportunities.

This report will help stakeholders to understand competitors better and gain more insights to strengthen their position in their businesses. The competitive landscape section includes the market share and rank (in volume and value), competitor ecosystem, new product development, expansion, and acquisition.

This report stays updated with novel technology integration, features, and the latest developments in the market

This report helps stakeholders to understand the COVID-19 and Russia-Ukraine War Influence on the Computer-aided Translation Software industry.

This report helps stakeholders to gain insights into which regions to target globally

This report helps stakeholders to gain insights into the end-user perception concerning the adoption of Computer-aided Translation Software.

This report helps stakeholders to identify some of the key players in the market and understand their valuable contribution.

Core Chapters

+44 20 8123 2220
info@marketpublishers.com

Chapter 1: Research objectives, research methods, data sources, data cross-validation;

Chapter 2: Introduces the report scope of the report, executive summary of different market segments (product type, application, etc), including the market size of each market segment, future development potential, and so on. It offers a high-level view of the current state of the market and its likely evolution in the short to mid-term, and long term.

Chapter 3: Provides the analysis of various market segments product types, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different market segments.

Chapter 4: Provides the analysis of various market segments application, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different downstream markets.

Chapter 5: Introduces executive summary of global market size, regional market size, this section also introduces the market dynamics, latest developments of the market, the driving factors and restrictive factors of the market, the challenges and risks faced by companies in the industry, and the analysis of relevant policies in the industry.

Chapter 6: Detailed analysis of Computer-aided Translation Software companies' competitive landscape, revenue market share, latest development plan, merger, and acquisition information, etc.

Chapter 7, 8, 9, 10, 11: North America, Europe, Asia Pacific, Latin America, Middle East and Africa segment by country. It provides a quantitative analysis of the market size and development potential of each region and its main countries and introduces the market development, future development prospects, market space, and capacity of each country in the world.

Chapter 12: Provides profiles of key players, introducing the basic situation of the main companies in the market in detail, including product sales, revenue, price, gross margin, product introduction, recent development, etc.

Chapter 13: The main points and conclusions of the report.

2 MARKET OVERVIEW

2.1 Product Definition
2.2 Computer-aided Translation Software by Licensing Method
  2.2.1 Market Value Comparison by Licensing Method (2018 VS 2022 VS 2029)
  1.2.2 Subscription License
  1.2.3 Perpetual License
2.3 Computer-aided Translation Software by End User
  2.3.1 Market Value Comparison by End User (2018 VS 2022 VS 2029)
  2.3.2 Large Enterprises
  2.3.3 Middle and Small-sized Enterprises
  2.3.4 Others
2.4 Assumptions and Limitations

3 COMPUTER-AIDED TRANSLATION SOFTWARE BREAKDOWN DATA BY LICENSING METHOD

3.1 Global Computer-aided Translation Software Historic Market Size by Licensing Method (2018-2023)
3.2 Global Computer-aided Translation Software Forecasted Market Size by Licensing Method (2023-2028)

4 COMPUTER-AIDED TRANSLATION SOFTWARE BREAKDOWN DATA BY END USER

4.1 Global Computer-aided Translation Software Historic Market Size by End User (2018-2023)

4.2 Global Computer-aided Translation Software Forecasted Market Size by End User (2018-2023)

5 GLOBAL GROWTH TRENDS

5.1 Global Computer-aided Translation Software Market Perspective (2018-2029)
5.2 Global Computer-aided Translation Software Growth Trends by Region
  5.2.1 Global Computer-aided Translation Software Market Size by Region: 2018 VS 2022 VS 2029
  5.2.2 Computer-aided Translation Software Historic Market Size by Region (2018-2023)
  5.2.3 Computer-aided Translation Software Forecasted Market Size by Region (2024-2029)
5.3 Computer-aided Translation Software Market Dynamics
  5.3.1 Computer-aided Translation Software Industry Trends
  5.3.2 Computer-aided Translation Software Market Drivers
  5.3.3 Computer-aided Translation Software Market Challenges
  5.3.4 Computer-aided Translation Software Market Restraints

6 MARKET COMPETITIVE LANDSCAPE BY PLAYERS

6.1 Global Top Computer-aided Translation Software Players by Revenue
  6.1.1 Global Top Computer-aided Translation Software Players by Revenue (2018-2023)
  6.1.2 Global Computer-aided Translation Software Revenue Market Share by Players (2018-2023)
6.2 Global Computer-aided Translation Software Industry Players Ranking, 2021 VS 2022 VS 2023
6.3 Global Key Players of Computer-aided Translation Software Head office and Area Served
6.4 Global Computer-aided Translation Software Players, Product Type & Application
6.5 Global Computer-aided Translation Software Players, Date of Enter into This Industry
6.6 Global Computer-aided Translation Software Market CR5 and HHI
6.7 Global Players Mergers & Acquisition
