

Elastic Polyester Fibers Industry Research Report 2023

<https://marketpublishers.com/r/E5362B9F0BC2EN.html>

Date: August 2023

Pages: 92

Price: US\$ 2,950.00 (Single User License)

ID: E5362B9F0BC2EN

Abstracts

PTT fiber is the abbreviation for polytrimethylene terephthalate fiber. PTT fiber has particularly excellent flexibility and elastic recovery, excellent wrinkle resistance and dimensional stability, weather resistance, easy dyeability and good barrier properties.

PBT fiber is the abbreviation of polybutyleneterephthalate fiber, which is esterified by high-purity terephthalic acid (PTA) or dimethyl terephthalate (DMT) and 1,4-butanediol Polycondensation linear polymer, fiber made by melt spinning, belongs to a kind of polyester fiber. Because PBT fiber has the characteristics of good elasticity, high dye uptake, good color fastness, etc., while maintaining the excellent properties of ordinary polyester (PET) such as crispness and good dimensional stability

Polyester DTY stretch yarn is made of polyester chips as raw material, high-speed spinning polyester pre-oriented yarn, and then processed by drafting false twist. It has the characteristics of short process, high efficiency, and good quality.

Composite stretch yarn includes: SSY elastic fiber (PTT/PET side-by-side composite fiber), T400 fiber (PTT/PET composite fiber), PBT/PET composite stretch yarn, etc.

Highlights

The global Elastic Polyester Fibers market is projected to reach US\$ million by 2028 from an estimated US\$ million in 2022, at a CAGR of % during 2024 and 2029.

Elastic Polyester Fiber is widely used for High-end clothing and functional Fabrics, Flooring material (carpet), Fiber Core and Wool-like Fabric.

The classification of Elastic Polyester Fibers includes High-End Clothing And Functional Fabrics, Flooring Material, Fiber Core, Wool-like fabric.

Report Scope

This report aims to provide a comprehensive presentation of the global market for Elastic Polyester Fibers, with both quantitative and qualitative analysis, to help readers develop business/growth strategies, assess the market competitive situation, analyze their position in the current marketplace, and make informed business decisions regarding Elastic Polyester Fibers.

The Elastic Polyester Fibers market size, estimations, and forecasts are provided in terms of output/shipments (MT) and revenue (\$ millions), considering 2022 as the base year, with history and forecast data for the period from 2018 to 2029. This report segments the global Elastic Polyester Fibers market comprehensively. Regional market sizes, concerning products by types, by application, and by players, are also provided. The influence of COVID-19 and the Russia-Ukraine War were considered while estimating market sizes.

For a more in-depth understanding of the market, the report provides profiles of the competitive landscape, key competitors, and their respective market ranks. The report also discusses technological trends and new product developments.

The report will help the Elastic Polyester Fibers manufacturers, new entrants, and industry chain related companies in this market with information on the revenues, production, and average price for the overall market and the sub-segments across the different segments, by company, product type, application, and regions.

Key Companies & Market Share Insights

In this section, the readers will gain an understanding of the key players competing. This report has studied the key growth strategies, such as innovative trends and developments, intensification of product portfolio, mergers and acquisitions, collaborations, new product innovation, and geographical expansion, undertaken by these participants to maintain their presence. Apart from business strategies, the study includes current developments and key financials. The readers will also get access to the data related to global revenue, price, and sales by manufacturers for the period 2017-2022. This all-inclusive report will certainly serve the clients to stay updated and make effective decisions in their businesses. Some of the prominent players reviewed in

the research report include:

ShengHong Group

Jiangsu Guowang Gaoke Fiber Co., Ltd.

WUJIANG JIALI HIGH FIBER CO.,LTD

Zhangjiagang Glory Chemical Industry Co., Ltd

Suzhou Longjie Special Fiber Co., Ltd

Hongze Lianhe Chemical Fiber Co., Ltd

Jiangsu Heshili New Material Co.,Ltd.

NANTONG YONGSHENG HUVIS FIBER ADVANCED MATERIALS CO., LTD.

JIANGSU HENGLI CHEMICAL FIBRE CO.,LTD,

Product Type Insights

Global markets are presented by Elastic Polyester Fibers type, along with growth forecasts through 2029. Estimates on production and value are based on the price in the supply chain at which the Elastic Polyester Fibers are procured by the manufacturers.

This report has studied every segment and provided the market size using historical data. They have also talked about the growth opportunities that the segment may pose in the future. This study bestows production and revenue data by type, and during the historical period (2018-2023) and forecast period (2024-2029).

Elastic Polyester Fibers segment by Type

PTT Fiber

PBT Elastic Fibers

Polyester DTY Stretch Yarn

Composite Stretch Yarn

Application Insights

This report has provided the market size (production and revenue data) by application, during the historical period (2018-2023) and forecast period (2024-2029).

This report also outlines the market trends of each segment and consumer behaviors impacting the Elastic Polyester Fibers market and what implications these may have on the industry's future. This report can help to understand the relevant market and consumer trends that are driving the Elastic Polyester Fibers market.

Elastic Polyester Fibers segment by Application

High-End Clothing and Functional Fabrics

Flooring Material

Fiber Core

Wool-like Fabric

Regional Outlook

This section of the report provides key insights regarding various regions and the key players operating in each region. Economic, social, environmental, technological, and political factors have been taken into consideration while assessing the growth of the particular region/country. The readers will also get their hands on the revenue and sales data of each region and country for the period 2018-2029.

The market has been segmented into various major geographies, including North America, Europe, Asia-Pacific, South America. Detailed analysis of major countries such as the USA, Germany, the U.K., Italy, France, China, Japan, South Korea, Southeast Asia, and India will be covered within the regional segment. For market estimates, data are going to be provided for 2022 because of the base year, with

estimates for 2023 and forecast value for 2029.

North America

United States

Canada

Europe

Germany

France

U.K.

Italy

Russia

Asia-Pacific

China

Japan

South Korea

India

Australia

China Taiwan

Indonesia

Thailand

Malaysia

Latin America

Mexico

Brazil

Argentina

Key Drivers & Barriers

High-impact rendering factors and drivers have been studied in this report to aid the readers to understand the general development. Moreover, the report includes restraints and challenges that may act as stumbling blocks on the way of the players. This will assist the users to be attentive and make informed decisions related to business. Specialists have also laid their focus on the upcoming business prospects.

COVID-19 and Russia-Ukraine War Influence Analysis

The readers in the section will understand how the Elastic Polyester Fibers market scenario changed across the globe during the pandemic, post-pandemic and Russia-Ukraine War. The study is done keeping in view the changes in aspects such as demand, consumption, transportation, consumer behavior, supply chain management, export and import, and production. The industry experts have also highlighted the key factors that will help create opportunities for players and stabilize the overall industry in the years to come.

Reasons to Buy This Report

This report will help the readers to understand the competition within the industries and strategies for the competitive environment to enhance the potential profit. The report also focuses on the competitive landscape of the global Elastic Polyester Fibers market, and introduces in detail the market share, industry ranking, competitor ecosystem, market performance, new product development, operation situation, expansion, and acquisition. etc. of the main players, which helps the readers to identify the main competitors and deeply understand the competition pattern of the market.

This report will help stakeholders to understand the global industry status and trends of

Elastic Polyester Fibers and provides them with information on key market drivers, restraints, challenges, and opportunities.

This report will help stakeholders to understand competitors better and gain more insights to strengthen their position in their businesses. The competitive landscape section includes the market share and rank (in volume and value), competitor ecosystem, new product development, expansion, and acquisition.

This report stays updated with novel technology integration, features, and the latest developments in the market

This report helps stakeholders to understand the COVID-19 and Russia-Ukraine War Influence on the Elastic Polyester Fibers industry.

This report helps stakeholders to gain insights into which regions to target globally

This report helps stakeholders to gain insights into the end-user perception concerning the adoption of Elastic Polyester Fibers.

This report helps stakeholders to identify some of the key players in the market and understand their valuable contribution.

Core Chapters

Chapter 1: Research objectives, research methods, data sources, data cross-validation;

Chapter 2: Introduces the report scope of the report, executive summary of different market segments (by region, product type, application, etc), including the market size of each market segment, future development potential, and so on. It offers a high-level view of the current state of the market and its likely evolution in the short to mid-term, and long term.

Chapter 3: Detailed analysis of Elastic Polyester Fibers manufacturers competitive landscape, price, production and value market share, latest development plan, merger, and acquisition information, etc.

Chapter 4: Provides profiles of key players, introducing the basic situation of the main companies in the market in detail, including product production/output, value, price, gross margin, product introduction, recent development, etc.

Chapter 5: Production/output, value of Elastic Polyester Fibers by region/country. It provides a quantitative analysis of the market size and development potential of each region in the next six years.

Chapter 6: Consumption of Elastic Polyester Fibers in regional level and country level. It provides a quantitative analysis of the market size and development potential of each region and its main countries and introduces the market development, future development prospects, market space, and production of each country in the world.

Chapter 7: Provides the analysis of various market segments by type, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different market segments.

Chapter 8: Provides the analysis of various market segments by application, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different downstream markets.

Chapter 9: Analysis of industrial chain, including the upstream and downstream of the industry.

Chapter 10: Introduces the market dynamics, latest developments of the market, the driving factors and restrictive factors of the market, the challenges and risks faced by manufacturers in the industry, and the analysis of relevant policies in the industry.

Chapter 11: The main points and conclusions of the report.

Frequently Asked Questions

Which product segment grabbed the largest share in the Product Name market?

How is the competitive scenario of the Product Name market?

Which are the key factors aiding the Product Name market growth?

Which are the prominent players in the Product Name market?

Which region holds the maximum share in the Product Name market?

What will be the CAGR of the Product Name market during the forecast period?

Which application segment emerged as the leading segment in the Product Name market?

What key trends are likely to emerge in the Product Name market in the coming years?

What will be the Product Name market size by 2028?

Which company held the largest share in the Product Name market?
