Abstracts

A cloud-based database is a database, as the name suggests, resides on a cloud computing platform. Databases are used to store and manage various forms of data generated by a company. Database services can be provided on-premises or on-demand. On-demand services are known as cloud-based databases, which is gaining increasing acceptance among several organizations. A cloud-based database is suitable for organizations that require immediate access to database services, easy scalability options, low cost, and low maintenance. Service providers offer end-to-end solutions, which help organizations focus on their core business areas.

The cloud database solutions have empowered organizations to focus on their core business competencies by relying on the cloud resources completely. Various cloud databases are becoming relevant as they improve the overall efficiency of the client offerings and reduce the support and maintenance considerably, giving almost total control of operations over the data which is stored.

According to APO Research, The global Cloud-based Database market was estimated at US$ million in 2023 and is projected to reach a revised size of US$ million by 2030, witnessing a CAGR of xx% during the forecast period 2024-2030.

North America is the largest region of Cloud-based Database, with a market share about 35%. It was followed by Europe with 25%. Amazon Web Services, Google, IBM, Microsoft and Oracle are the top 5 manufacturers of industry, and they had about 65% combined market share.

Report Scope

+44 20 8123 2220
info@marketpublishers.com

This report aims to provide a comprehensive presentation of the global market for Cloud-based Database, with both quantitative and qualitative analysis, to help readers develop business/growth strategies, assess the market competitive situation, analyze their position in the current marketplace, and make informed business decisions regarding Cloud-based Database.

The Cloud-based Database market size, estimations, and forecasts are provided in terms of revenue ($ millions), considering 2023 as the base year, with history and forecast data for the period from 2019 to 2030. This report segments the global Cloud-based Database market comprehensively. Regional market sizes, concerning products by Type, by Application, and by players, are also provided. For a more in-depth understanding of the market, the report provides profiles of the competitive landscape, key competitors, and their respective market ranks. The report also discusses technological trends and new product developments.

Key Companies & Market Share Insights

In this section, the readers will gain an understanding of the key players competing. This report has studied the key growth strategies, such as innovative trends and developments, intensification of product portfolio, mergers and acquisitions, collaborations, new product innovation, and geographical expansion, undertaken by these participants to maintain their presence. Apart from business strategies, the study includes current developments and key financials. The readers will also get access to the data related to global revenue, gross margin by manufacturers for the period 2019-2024. This all-inclusive report will certainly serve the clients to stay updated and make effective decisions in their businesses. Some of the prominent players reviewed in the research report include:

Key Drivers & Barriers

High-impact rendering factors and drivers have been studied in this report to aid the readers to understand the general development. Moreover, the report includes restraints and challenges that may act as stumbling blocks on the way of the players. This will assist the users to be attentive and make informed decisions related to business. Specialists have also laid their focus on the upcoming business prospects.

Reasons to Buy This Report

1. This report will help the readers to understand the competition within the industries and strategies for the competitive environment to enhance the potential profit. The report also focuses on the competitive landscape of the global Cloud-based Database market, and introduces in detail the market share, industry ranking, competitor ecosystem, market performance, new product development, operation situation, expansion, and acquisition. etc. of the main players, which helps the readers to identify the main competitors and deeply understand the competition pattern of the market.

2. This report will help stakeholders to understand the global industry status and trends of Cloud-based Database and provides them with information on key market drivers, restraints, challenges, and opportunities.

3. This report will help stakeholders to understand competitors better and gain more insights to strengthen their position in their businesses. The competitive landscape section includes the market share and rank (in value), competitor ecosystem, new product development, expansion, and acquisition.

4. This report stays updated with novel technology integration, features, and the latest

developments in the market

5. This report helps stakeholders to gain insights into which regions to target globally

6. This report helps stakeholders to gain insights into the end-user perception concerning the adoption of Cloud-based Database.

7. This report helps stakeholders to identify some of the key players in the market and understand their valuable contribution.

Chapter Outline

Chapter 1: Introduces the report scope of the report, executive summary of global and regional market size and CAGR for the history and forecast period (2019-2024, 2025-2030). It offers a high-level view of the current state of the market and its likely evolution in the short to mid-term, and long term.

Chapter 2: Provides the analysis of various market segments by type, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different market segments.

Chapter 3: Provides the analysis of various market segments by application, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different downstream markets.

Chapter 4: Introduces the market dynamics, latest developments of the market, the driving factors and restrictive factors of the market, the challenges and risks faced by manufacturers in the industry, and the analysis of relevant policies in the industry.

Chapter 5: Detailed analysis of Cloud-based Database companies' competitive landscape, revenue, market share and ranking, latest development plan, merger, and acquisition information, etc.

Chapter 6: Provides profiles of key players, introducing the basic situation of the main companies in the market in detail, including product introduction, revenue, recent development, etc.

Chapter 7, 8, 9, 10 and 11: North America, Europe, Asia Pacific, Latin America, Middle East & Africa, revenue by country.

1 MARKET OVERVIEW

1.1 Product Definition
1.2 Global Market Growth Prospects
1.3 Global Cloud-based Database Market Size Overview by Region 2019 VS 2023 VS 2030
1.4 Global Cloud-based Database Market Size by Region (2019-2030)
  1.4.1 Global Cloud-based Database Market Size by Region (2019-2024)
  1.4.2 Global Cloud-based Database Market Size by Region (2025-2030)
1.5 Key Regions Cloud-based Database Market Size (2019-2030)
  1.5.1 North America Cloud-based Database Market Size Growth Rate (2019-2030)
  1.5.2 Europe Cloud-based Database Market Size Growth Rate (2019-2030)
  1.5.3 Asia-Pacific Cloud-based Database Market Size Growth Rate (2019-2030)
  1.5.4 Latin America Cloud-based Database Market Size Growth Rate (2019-2030)
  1.5.5 Middle East & Africa Cloud-based Database Market Size Growth Rate (2019-2030)

2 CLOUD-BASED DATABASE MARKET BY TYPE

2.1 Type Introduction
  2.1.1 SQL Database
  2.1.2 NoSQL Database
2.2 Global Cloud-based Database Market Size by Type
  2.2.1 Global Cloud-based Database Market Size Overview by Type (2019-2030)
  2.2.2 Global Cloud-based Database Historic Market Size Review by Type (2019-2024)
  2.2.3 Global Cloud-based Database Market Size Forecasted by Type (2025-2030)
2.3 Global Cloud-based Database Market Size by Regions
