### Summary

Sous Vide is a unique process of cooking, the food must be packaged in a vacuum sealed bag, and then cooked at a low and consistent temperature in a water bath. The process started in France and has been growing in popularity; used by chefs on “Top Chef” and “The Taste”, as well as restaurants all over.

The low consistent temperature ensures the food is cooked evenly throughout; this is why when you order steaks at a restaurant they are so juicy and tender.
