## Abstracts

The quality of a pharmaceutical product is defined as one that is pure, correctly identified, effective and safe to use. Customers and patients have an ethical (and legal) right to expect quality pharmaceutical products. The warehouse plays a pivotal role in manufacturing quality products, as it is responsible for all incoming goods (including labeling and packaging) and for releasing finished products.

A pharmaceutical warehouse must be expertly managed and run in compliance in order for the company to protect and distribute a quality product. These compliant practices include control over receiving goods, quality control, storing materials, components and products, fulfilling picking requests and shipping the product to the marketplace. These practices must be completely traceable in order to protect the integrity and stability of the product and its packaging.

Pharmaceutical Warehousing provides integrated pharmaceutical warehousing services including cold storage and circulation of medicines, bulk pharmaceutical chemicals, and medical equipment.

## Highlights

Global pharmaceutical warehousing market key players include DHL Supply Chain & Global Forwarding, Kuehne + Nagel, Nippon Express, DB Schenker Logistics, etc. The market concentration rate is low, and the top company holds for about 3% shares of the global market. North America and Europe are the key market, have a share over 60%.

Non-cold chain warehouse is the key type with over 70% shares. Pharmaceutical factory, pharmacy and hospital are main applications.

## Report Scope

This report aims to provide a comprehensive presentation of the global market for Pharmaceutical Warehousing, with both quantitative and qualitative analysis, to help readers develop business/growth strategies, assess the market competitive situation, analyze their position in the current marketplace, and make informed business decisions regarding Pharmaceutical Warehousing.

The Pharmaceutical Warehousing market size, estimations, and forecasts are provided in terms of and revenue (\$ millions), considering 2022 as the base year, with history and forecast data for the period from 2018 to 2029. This report segments the global Pharmaceutical Warehousing market comprehensively. Regional market sizes, concerning products by types, by application, and by players, are also provided. The influence of COVID-19 and the Russia-Ukraine War were considered while estimating market sizes.

For a more in-depth understanding of the market, the report provides profiles of the competitive landscape, key competitors, and their respective market ranks. The report also discusses technological trends and new product developments.

The report will help the Pharmaceutical Warehousing companies, new entrants, and industry chain related companies in this market with information on the revenues for the overall market and the sub-segments across the different segments, by company, product type, application, and regions.

## Key Companies & Market Share Insights

In this section, the readers will gain an understanding of the key players competing. This report has studied the key growth strategies, such as innovative trends and developments, intensification of product portfolio, mergers and acquisitions, collaborations, new product innovation, and geographical expansion, undertaken by these participants to maintain their presence. Apart from business strategies, the study includes current developments and key financials. The readers will also get access to the data related to global revenue by companies for the period 2017-2022. This all-inclusive report will certainly serve the clients to stay updated and make effective decisions in their businesses. Some of the prominent players reviewed in the research

report include:

McKesson

AmerisourceBergen

Cardinal Health

China National Pharmaceutical Group (Sinopharm)

DHL Supply Chain & Global Forwarding

Kuehne + Nagel

Nippon Express

DB Schenker Logistics

C.H. Robinson Worldwide

DSV Panalpina

PHOENIX Group

MPA Pharma

NPK Katren ZAO

Sinotrans

UPS Supply Chain Solutions

Maersk Group

Agility

FedEx Logistics

Hellmann Worldwide Logistics

Henry Schein

FFF Enterprises

## Product Type Insights

Global markets are presented by Pharmaceutical Warehousing type, along with growth forecasts through 2029. Estimates on revenue are based on the price in the supply chain at which the Pharmaceutical Warehousing are procured by the companies.

This report has studied every segment and provided the market size using historical data. They have also talked about the growth opportunities that the segment may pose in the future. This study bestows revenue data by type, and during the historical period (2018-2023) and forecast period (2024-2029).

## Pharmaceutical Warehousing segment by Type

Non-Cold Chain Warehouse

Cold Chain Warehouse

## Application Insights

This report has provided the market size (revenue data) by application, during the historical period (2018-2023) and forecast period (2024-2029).

This report also outlines the market trends of each segment and consumer behaviors impacting the Pharmaceutical Warehousing market and what implications these may have on the industry's future. This report can help to understand the relevant market and consumer trends that are driving the Pharmaceutical Warehousing market.

## Pharmaceutical Warehousing Segment by Application

Pharmaceutical Factory

Pharmacy

## Hospital

### Regional Outlook

This section of the report provides key insights regarding various regions and the key players operating in each region. Economic, social, environmental, technological, and political factors have been taken into consideration while assessing the growth of the particular region/country. The readers will also get their hands on the revenue data of each region and country for the period 2018-2029.

The market has been segmented into various major geographies, including North America, Europe, Asia-Pacific, South America, Middle East & Africa. Detailed analysis of major countries such as the USA, Germany, the U.K., Italy, France, China, Japan, South Korea, Southeast Asia, and India will be covered within the regional segment. For market estimates, data are going to be provided for 2022 because of the base year, with estimates for 2023 and forecast revenue for 2029.

Key Drivers & Barriers

High-impact rendering factors and drivers have been studied in this report to aid the readers to understand the general development. Moreover, the report includes restraints and challenges that may act as stumbling blocks on the way of the players. This will assist the users to be attentive and make informed decisions related to business. Specialists have also laid their focus on the upcoming business prospects.

### COVID-19 and Russia-Ukraine War Influence Analysis

The readers in the section will understand how the Pharmaceutical Warehousing market scenario changed across the globe during the pandemic, post-pandemic and Russia-Ukraine War. The study is done keeping in view the changes in aspects such as demand, consumption, transportation, consumer behavior, supply chain management. The industry experts have also highlighted the key factors that will help create opportunities for players and stabilize the overall industry in the years to come.

### Reasons to Buy This Report

This report will help the readers to understand the competition within the industries and strategies for the competitive environment to enhance the potential profit. The report also focuses on the competitive landscape of the global Pharmaceutical Warehousing market, and introduces in detail the market share, industry ranking, competitor ecosystem, market performance, new product development, operation situation, expansion, and acquisition. etc. of the main players, which helps the readers to identify the main competitors and deeply understand the competition pattern of the market.

This report will help stakeholders to understand the global industry status and trends of Pharmaceutical Warehousing and provides them with information on key market drivers, restraints, challenges, and opportunities.

This report will help stakeholders to understand competitors better and gain more insights to strengthen their position in their businesses. The competitive landscape section includes the market share and rank (in volume and value), competitor ecosystem, new product development, expansion, and acquisition.

This report stays updated with novel technology integration, features, and the latest developments in the market

This report helps stakeholders to understand the COVID-19 and Russia-Ukraine War Influence on the Pharmaceutical Warehousing industry.

This report helps stakeholders to gain insights into which regions to target globally

This report helps stakeholders to gain insights into the end-user perception concerning the adoption of Pharmaceutical Warehousing.

This report helps stakeholders to identify some of the key players in the market and understand their valuable contribution.

## Core Chapters

Chapter 1: Research objectives, research methods, data sources, data cross-validation;

Chapter 2: Introduces the report scope of the report, executive summary of different market segments (product type, application, etc), including the market size of each market segment, future development potential, and so on. It offers a high-level view of the current state of the market and its likely evolution in the short to mid-term, and long term.

Chapter 3: Provides the analysis of various market segments product types, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different market segments.

Chapter 4: Provides the analysis of various market segments application, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different downstream markets.

Chapter 5: Introduces executive summary of global market size, regional market size, this section also introduces the market dynamics, latest developments of the market, the driving factors and restrictive factors of the market, the challenges and risks faced by companies in the industry, and the analysis of relevant policies in the industry.

Chapter 6: Detailed analysis of Pharmaceutical Warehousing companies' competitive landscape, revenue market share, latest development plan, merger, and acquisition information, etc.

Chapter 7, 8, 9, 10, 11: North America, Europe, Asia Pacific, Latin America, Middle East and Africa segment by country. It provides a quantitative analysis of the market size and development potential of each region and its main countries and introduces the market

development, future development prospects, market space, and capacity of each country in the world.

Chapter 12: Provides profiles of key players, introducing the basic situation of the main companies in the market in detail, including product sales, revenue, price, gross margin, product introduction, recent development, etc.

Chapter 13: The main points and conclusions of the report.
