Abstracts

Smart Gas Meter (Intelligent Gas Meter), is a new type measuring instrument, adopting microcomputer program control, automatic compensation of ball valve, other high technology, integrates measuring, prepayment, automatic control and other functions, which can be widely used in measuring control for manufactured gas, natural gas, liquefied gas and other various pipe gases.

According to APO Research, The global Smart Gas Meter market was valued at US$ million in 2023 and is anticipated to reach US$ million by 2030, witnessing a CAGR of xx% during the forecast period 2024-2030.

Global Smart Gas Meter key players include Elster Group GmbH?Itron?Goldcard?Viewshine?Landis+Gyr, etc. Global top five manufacturers hold a share about 50%. Europe is the largest market, with a share about 41%, followed by North America and China, both have a share over 38 percent. In terms of product, AMR is the largest segment, with a share over 79%. And in terms of application, the largest application is Residential, followed by Industrial and Commercial, etc.

Report Scope

This report aims to provide a comprehensive presentation of the global market for Smart Gas Meter, with both quantitative and qualitative analysis, to help readers develop business/growth strategies, assess the market competitive situation, analyze their position in the current marketplace, and make informed business decisions regarding Smart Gas Meter.

The report will help the Smart Gas Meter manufacturers, new entrants, and industry chain related companies in this market with information on the revenues, sales volume, and average price for the overall market and the sub-segments across the different

segments, by company, by Type, by Application, and by regions.

The Smart Gas Meter market size, estimations, and forecasts are provided in terms of sales volume (K Units) and revenue ($ millions), considering 2023 as the base year, with history and forecast data for the period from 2019 to 2030. This report segments the global Smart Gas Meter market comprehensively. Regional market sizes, concerning products by Type, by Application, and by players, are also provided. For a more in-depth understanding of the market, the report provides profiles of the competitive landscape, key competitors, and their respective market ranks. The report also discusses technological trends and new product developments.

Key Companies & Market Share Insights

In this section, the readers will gain an understanding of the key players competing. This report has studied the key growth strategies, such as innovative trends and developments, intensification of product portfolio, mergers and acquisitions, collaborations, new product innovation, and geographical expansion, undertaken by these participants to maintain their presence. Apart from business strategies, the study includes current developments and key financials. The readers will also get access to the data related to global revenue, price, and sales by manufacturers for the period 2019-2024. This all-inclusive report will certainly serve the clients to stay updated and make effective decisions in their businesses. Some of the prominent players reviewed in the research report include:

Key Drivers & Barriers

High-impact rendering factors and drivers have been studied in this report to aid the readers to understand the general development. Moreover, the report includes restraints and challenges that may act as stumbling blocks on the way of the players. This will assist the users to be attentive and make informed decisions related to business. Specialists have also laid their focus on the upcoming business prospects.

Reasons to Buy This Report

1. This report will help the readers to understand the competition within the industries and strategies for the competitive environment to enhance the potential profit. The report also focuses on the competitive landscape of the global Smart Gas Meter market, and introduces in detail the market share, industry ranking, competitor ecosystem, market performance, new product development, operation situation, expansion, and acquisition. etc. of the main players, which helps the readers to identify the main competitors and deeply understand the competition pattern of the market.

2. This report will help stakeholders to understand the global industry status and trends of Smart Gas Meter and provides them with information on key market drivers, restraints, challenges, and opportunities.

3. This report will help stakeholders to understand competitors better and gain more insights to strengthen their position in their businesses. The competitive landscape section includes the market share and rank (in volume and value), competitor ecosystem, new product development, expansion, and acquisition.

4. This report stays updated with novel technology integration, features, and the latest developments in the market

5. This report helps stakeholders to gain insights into which regions to target globally

6. This report helps stakeholders to gain insights into the end-user perception concerning the adoption of Smart Gas Meter.

7. This report helps stakeholders to identify some of the key players in the market and understand their valuable contribution.

Chapter Outline

Chapter 1: Research objectives, research methods, data sources, data cross-validation;

Chapter 2: Introduces the report scope of the report, executive summary of different market segments (by region, product type, application, etc), including the market size of each market segment, future development potential, and so on. It offers a high-level view of the current state of the market and its likely evolution in the short to mid-term, and long term.

Chapter 3: Detailed analysis of Smart Gas Meter manufacturers competitive landscape, price, production and value market share, latest development plan, merger, and acquisition information, etc.

Chapter 4: Provides profiles of key players, introducing the basic situation of the main companies in the market in detail, including product production/output, value, price, gross margin, product introduction, recent development, etc.

Chapter 5: Production/output, value of Smart Gas Meter by region/country. It provides a

quantitative analysis of the market size and development potential of each region in the next six years.

Chapter 6: Consumption of Smart Gas Meter in regional level and country level. It provides a quantitative analysis of the market size and development potential of each region and its main countries and introduces the market development, future development prospects, market space, and production of each country in the world.

Chapter 7: Provides the analysis of various market segments by type, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different market segments.

Chapter 8: Provides the analysis of various market segments by application, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different downstream markets.

Chapter 9: Analysis of industrial chain, including the upstream and downstream of the industry.

Chapter 10: Introduces the market dynamics, latest developments of the market, the driving factors and restrictive factors of the market, the challenges and risks faced by manufacturers in the industry, and the analysis of relevant policies in the industry.

Chapter 11: The main points and conclusions of the report.

Chapter 11: The main points and conclusions of the report.

2 MARKET OVERVIEW

2.1 Product Definition
2.2 Smart Gas Meter by Type
  2.2.1 Market Value Comparison by Type (2019 VS 2023 VS 2030) & (US$ Million)
  2.2.2 Automatic Meter Reading (AMR)
  2.2.3 Advanced Metering Infrastructure (AMI)
2.3 Smart Gas Meter by Application
  2.3.1 Market Value Comparison by Application (2019 VS 2023 VS 2030) & (US$ Million)
  2.3.2 Residential
  2.3.3 Commercial
  2.3.4 Industrial
2.4 Global Market Growth Prospects
  2.4.1 Global Smart Gas Meter Production Value Estimates and Forecasts (2019-2030)
  2.4.2 Global Smart Gas Meter Production Capacity Estimates and Forecasts (2019-2030)
  2.4.3 Global Smart Gas Meter Production Estimates and Forecasts (2019-2030)
  2.4.4 Global Smart Gas Meter Market Average Price (2019-2030)

3 MARKET COMPETITIVE LANDSCAPE BY MANUFACTURERS

3.1 Global Smart Gas Meter Production by Manufacturers (2019-2024)
3.2 Global Smart Gas Meter Production Value by Manufacturers (2019-2024)
3.3 Global Smart Gas Meter Average Price by Manufacturers (2019-2024)
3.4 Global Smart Gas Meter Industry Manufacturers Ranking, 2022 VS 2023 VS 2024
3.5 Global Smart Gas Meter Key Manufacturers, Manufacturing Sites & Headquarters
