Abstracts

Landscaping refers to the process of purposeful transformation in a certain geographical range, using art design and engineering technology, on the basis of effective use of the original terrain and landform, through building mountains, piling stones, digging pools, managing water, planting trees and plants, building buildings and arranging garden roads, so as to build a pleasant and lyrical recreation and living environment. The scope of garden not only includes garden, small garden, garden, park, botanical garden, zoo, but also includes forest park, scenic area, nature reserve, National Park's sightseeing area, recuperation Resort and all kinds of functional gardens, such as residential garden, unit attached green space, city square public green space, etc. Garden is an organic combination of traditional culture and ecological civilization, and a worldwide language for communication between man and nature. The development of landscaping industry is of great significance to improve the level of urban landscaping, improve the quality of living environment, enhance the city grade, and promote the construction of 'resource-saving and environment-friendly' society. Landscaping includes the planting of green seedlings, landscape design, landscaping engineering construction and landscape maintenance.

Highlights

The global Urban Landscaping market is projected to reach US\$ million by 2029 from an estimated US\$ million in 2023, at a CAGR of % during 2024 and 2029.

In China, Urban Landscaping key players include Shanghai Construction Group (SCG), Evergrande Group, Country Garden, China State Construction Engineering Corporation, etc. Chinese top four manufacturers hold a share about 10%.

East China is the largest market, with a share about 28%, followed by South China and North China, both have a share about 40 percent.

In terms of product, Construction is the largest segment, with a share over 75%. And in terms of application, the largest application is Municipal, followed by Commercial , Residential and Industrial.

Report Scope

This report aims to provide a comprehensive presentation of the global market for Urban Landscaping, with both quantitative and qualitative analysis, to help readers develop business/growth strategies, assess the market competitive situation, analyze their position in the current marketplace, and make informed business decisions regarding Urban Landscaping.

The Urban Landscaping market size, estimations, and forecasts are provided in terms of and revenue (\$ millions), considering 2022 as the base year, with history and forecast data for the period from 2018 to 2029. This report segments the global Urban Landscaping market comprehensively. Regional market sizes, concerning products by types, by application, and by players, are also provided. The influence of COVID-19 and the Russia-Ukraine War were considered while estimating market sizes.

For a more in-depth understanding of the market, the report provides profiles of the competitive landscape, key competitors, and their respective market ranks. The report also discusses technological trends and new product developments.

The report will help the Urban Landscaping companies, new entrants, and industry chain related companies in this market with information on the revenues for the overall market and the sub-segments across the different segments, by company, product type, application, and regions.

Key Companies & Market Share Insights

In this section, the readers will gain an understanding of the key players competing. This report has studied the key growth strategies, such as innovative trends and developments, intensification of product portfolio, mergers and acquisitions, collaborations, new product innovation, and geographical expansion, undertaken by these participants to maintain their presence. Apart from business strategies, the study includes current developments and key financials. The readers will also get access to the data related to global revenue by companies for the period 2017-2022. This all-inclusive report will certainly serve the clients to stay updated and make effective

decisions in their businesses. Some of the prominent players reviewed in the research report include:

Shanghai Construction Group (SCG)

Evergrande Group

Country Garden

China State Construction Engineering Corporation

LingNan Eco&Culture-Tourism Co., Ltd

Shenzhen Wenke Landscape Co., Ltd

PUBANG LANDSCAPE ARCHITECTURE CO.,LTD

Beijing Orient Landscape and Environment Co., Ltd.

Palm Eco-Town Development Co., Ltd.

Shenzhen Techand Ecology and Environment Co., Ltd.

Shandong Meichen Ecological Environment Co., Ltd.

Boda Huanjing Group

Yueyang Forest & Paper Co.,Ltd.

Flower King

Misho Ecology & Landscape

Honggutan Landscape Construction Group Co., Ltd.

Huayuan Landscape Architecture Co., Ltd

Product Type Insights

Global markets are presented by Urban Landscaping type, along with growth forecasts through 2029. Estimates on revenue are based on the price in the supply chain at which the Urban Landscaping are procured by the companies.

This report has studied every segment and provided the market size using historical data. They have also talked about the growth opportunities that the segment may pose in the future. This study bestows revenue data by type, and during the historical period (2018-2023) and forecast period (2024-2029).

Urban Landscaping segment by Type

Construction

Design

Maintenance

Others

Application Insights

This report has provided the market size (revenue data) by application, during the historical period (2018-2023) and forecast period (2024-2029).

This report also outlines the market trends of each segment and consumer behaviors impacting the Urban Landscaping market and what implications these may have on the industry's future. This report can help to understand the relevant market and consumer trends that are driving the Urban Landscaping market.

Urban Landscaping Segment by Application

Municipal

Commercial and Residential

Industrial

Regional Outlook

This section of the report provides key insights regarding various regions and the key players operating in each region. Economic, social, environmental, technological, and political factors have been taken into consideration while assessing the growth of the particular region/country. The readers will also get their hands on the revenue data of each region and country for the period 2018-2029.

The market has been segmented into various major geographies, including North America, Europe, Asia-Pacific, South America, Middle East & Africa. Detailed analysis of major countries such as the USA, Germany, the U.K., Italy, France, China, Japan, South Korea, Southeast Asia, and India will be covered within the regional segment. For market estimates, data are going to be provided for 2022 because of the base year, with estimates for 2023 and forecast revenue for 2029.

Saudi Arabia

UAE

Rest of MEA

Key Drivers & Barriers

High-impact rendering factors and drivers have been studied in this report to aid the readers to understand the general development. Moreover, the report includes restraints and challenges that may act as stumbling blocks on the way of the players. This will assist the users to be attentive and make informed decisions related to

business. Specialists have also laid their focus on the upcoming business prospects.

COVID-19 and Russia-Ukraine War Influence Analysis

The readers in the section will understand how the Urban Landscaping market scenario changed across the globe during the pandemic, post-pandemic and Russia-Ukraine War. The study is done keeping in view the changes in aspects such as demand, consumption, transportation, consumer behavior, supply chain management. The industry experts have also highlighted the key factors that will help create opportunities for players and stabilize the overall industry in the years to come.

Reasons to Buy This Report

This report will help the readers to understand the competition within the industries and strategies for the competitive environment to enhance the potential profit. The report also focuses on the competitive landscape of the global Urban Landscaping market, and introduces in detail the market share, industry ranking, competitor ecosystem, market performance, new product development, operation situation, expansion, and acquisition. etc. of the main players, which helps the readers to identify the main competitors and deeply understand the competition pattern of the market.

This report will help stakeholders to understand the global industry status and trends of Urban Landscaping and provides them with information on key market drivers, restraints, challenges, and opportunities.

This report will help stakeholders to understand competitors better and gain more insights to strengthen their position in their businesses. The competitive landscape section includes the market share and rank (in volume and value), competitor ecosystem, new product development, expansion, and acquisition.

This report stays updated with novel technology integration, features, and the latest developments in the market

This report helps stakeholders to understand the COVID-19 and Russia-Ukraine War Influence on the Urban Landscaping industry.

This report helps stakeholders to gain insights into which regions to target globally

This report helps stakeholders to gain insights into the end-user perception concerning

the adoption of Urban Landscaping.

This report helps stakeholders to identify some of the key players in the market and understand their valuable contribution.

Core Chapters

Chapter 1: Research objectives, research methods, data sources, data cross-validation;

Chapter 2: Introduces the report scope of the report, executive summary of different market segments (product type, application, etc), including the market size of each market segment, future development potential, and so on. It offers a high-level view of the current state of the market and its likely evolution in the short to mid-term, and long term.

Chapter 3: Provides the analysis of various market segments product types, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different market segments.

Chapter 4: Provides the analysis of various market segments application, covering the market size and development potential of each market segment, to help readers find the blue ocean market in different downstream markets.

Chapter 5: Introduces executive summary of global market size, regional market size, this section also introduces the market dynamics, latest developments of the market, the driving factors and restrictive factors of the market, the challenges and risks faced by companies in the industry, and the analysis of relevant policies in the industry.

Chapter 6: Detailed analysis of Urban Landscaping companies' competitive landscape, revenue market share, latest development plan, merger, and acquisition information, etc.

Chapter 7, 8, 9, 10, 11: North America, Europe, Asia Pacific, Latin America, Middle East and Africa segment by country. It provides a quantitative analysis of the market size and development potential of each region and its main countries and introduces the market development, future development prospects, market space, and capacity of each country in the world.

Chapter 12: Provides profiles of key players, introducing the basic situation of the main

companies in the market in detail, including product sales, revenue, price, gross margin, product introduction, recent development, etc.

Chapter 13: The main points and conclusions of the report.

Frequently Asked Questions

What factors will challenge the Product Name market growth?

Which end-use segment will expand at the fastest CAGR in the Product Name market?

Which are the emerging players in the Product Name market?

How concentrated is the Product Name market?

Which factors are positively contributing to the Product Name market growth?

Which are the novel product innovations in the Product Name market?

Which product segment will emerge as the most lucrative in the Product Name market?

Which factors are increasing the competition in the Product Name market?

Which are the strategic measures taken by the Product Name industry players?

Which region will witness inactive growth during the forecast period?

What key trends are likely to emerge in the Product Name market in the coming years?
