## Abstracts

**REPORT DESCRIPTION:**

The report on the LSO market provides an in-depth analysis of the market size, forecasts and opportunities of LSO Software and LSO Services targeted at service providers. LSO services analyzed in the study include Design and Consulting, Implementation and Integration, and Maintenance and Support. The study includes market analysis of solutions, categorized by two types of deployment: Native LSO solution and OSS migration to LSO. Further to this, the report also provides the market data for LSO across five regions – North America, Europe, Asia-Pacific, Central America, and Latin America (CALA), and Middle-East and Africa (MEA).

Arcluster's LSO market report also includes insights into key market requirements gathered from service providers, network engineers, IT managers, CIOs, CTOs, IT decision makers, and opinion leaders. The study also covers key demand side ratings such as ratings across regions for LSO deployment approaches, capabilities, third network challenges, and deployment timelines.

The analysis in this report will help market participants, vendors, suppliers, system integrators, channel players, manufacturers, and value-added resellers (VARs) to develop strategies, marketing goals and business decisions based on the actionable market intelligence from this report.
