## Abstracts

AECOM (formerly known as AECOM Technology Corporation) is a leading provider of technical and management support services to many government and commercial clients around the world. Having two segments, Professional Technical Services and Management Support Services, the company offers its services for projects as varied as highway construction, airports, mass transit systems, power transmission and distribution projects, amongst others.

Aruvian Research presents Analysis of AECOM. A complete and comprehensive analysis of AECOM, includes an overview of the industry the company operates in, a PEST Framework Analysis of the industry, and then moves on to analyzing the company itself.

Company analysis from Aruvian's includes a history of AECOM, a business segment analysis of the segments AECOM operates through, a look at the organization structure of the company, a geographical operating segments analysis, an analysis of the company's major competitors.

A financial analysis of AECOM is presented in the report which includes a ratio analysis, basic profit and loss analysis, presentation of the company balance sheet, and much more.

A SWOT Framework Analysis of AECOM and three of its competitors completes this in-depth company analysis.
